DEPUTY DIRECTOR: ADMINISTRATION STATEMENT

It gives me honour and great pleasure as the Acting Deputy Director: Administration to make the submission of 2023/24 Annual Performance Plan for Ngqushwa Local Service Office under Amathole District. This plan serves as a strategic framework that guides and directs the Local Service Office in the provision of developmental social welfare services based on the need to respond to the nature and context of social ills that are ravaging our communities within our area of jurisdiction. This is also aligned to the Medium -Term Strategic Framework 2019-2024, Provincial Development Plan and Vision 2030, hereinafter referred to as the NDP. The plan has taken into account the effects of the COVID 19 pandemic and the re-envisioned methods of delivering services to communities.

In realisation of the goals of the District Development Model and the Provincial Anti-Poverty Strategy the management and staff of Ngqushwa Local Service Office under Amathole District will continuously establish and sustain new and existing partnerships with stakeholders in pursuit of a meaningful impact in society through our joint interventions thus making communities drivers of their own development through our community participation programs.

We will together continuously strive to contribute optimally to the overall mandate, outcomes, outputs of the Department of Social Development with the available resources in pursuit of good governance and administration in realisation of the dream of a "better life for all"

OUR MANDATE

PROVINCIAL ANTI-POVERTY STRATEGY

The Eastern Cape Provincial Administration gave a mandate to the Provincial Department of Social Development to facilitate and drive the implementation of the Provincial Anti-Poverty Strategy, which is aimed at reducing the incidence of poverty as well as to prevent the reproduction of poverty within households and communities of the Eastern Cape Province.

At the centre of the fight against poverty is the creation of economic opportunities and enabling or empowering communities and individuals to access these opportunities. Providing a safety net in the form of social assistance and provision of basic services continues to be critical in the efforts towards eradication of poverty.

In line with the multidimensional nature of poverty, the anti-poverty framework is anchored on the five pillars listed below:

1. **Pillar 1:** Promote social inclusion, implement social capital Initiatives and build safer communities.
2. **Pillar 2:** Invest in human capital and Human Development: This objective responds to the need to provide health care, education and training needed to engage with the economy and in political processes. Central here is ensuring that poor children grow up healthy, are provided with quality and efficient preventative and curative care, and ensuring that illness or disability do not plunge poor households into destitution.
3. **Pillar 3:** Improve the health profile: Adequate healthcare is critical in the struggle against poverty to maintain good quality of life, ensure adults are able to work and care for their families, and that children grow up healthy. If healthcare is unaffordable, an illness can plunge a marginal family into crisis. Moreover,

providing adequate healthcare for all is a critical element in building social trust and solidarity.

4. **Pillar 4:** Ensure income security, create economic opportunities and jobs: The strategy recognises the importance of providing safety nets for the most vulnerable, primarily through social grants. This is to ensure that vulnerability associated with disability, age and illness does not plunge poor households into destitution. Measures to ensure income security for those without access to economic opportunities take two forms namely, social assistance and social insurance.
5. **Pillar 5:** Better targeted access to basic services and assets: This pillar addresses what has been termed a social wage, consisting of services such as subsidised housing, and expanded access to water, electricity, refuse removal and sanitation; as well as a raft of minimum free basic services for vulnerable sectors of the population. It is an important principle that inability to pay for basic services should not prevent the poor from accessing these services altogether.

The Anti-Poverty and Rural Development Strategy is intended to be implemented in accordance with the policy directives of the Provincial Medium - Term Strategic Framework 2020-2024 in the poorest nodal points within **39 Wards** in the identified Local Municipalities with special focus on the **476 villages**.

The following are the services and interventions that the Department of Social Development will be contributing in the 39 Wards to enhance human capabilities, building resilience in individuals, families and development and empowerment of communities

DEVELOPMENT MODEL

The District Development Model (*inspired by the Khawuleza Presidential call to action*), launched by the President aims to accelerate, align and integrate service delivery under a single development plan per district or metro that is developed jointly by national, provincial and local government as well as business, labour and community in each district. Each district plan must ensure that national priorities such as economic growth and employment; improvements to living conditions; the fight against crime and corruption and better education outcomes are attended to in the locality concerned. In the Eastern Cape, OR Tambo District Municipality has been identified as the rural pilot of the District Development Model (DDM). The Model will be rolled out in all the districts and metros in the Province. This will assist in ensuring that planning and spending across the three spheres of government is integrated and aligned and that each district or metro plan is developed with the interests and input of communities taken into account upfront.

The Department of Cooperative Governance and Traditional Affairs (COGTA) is championing the implementation of the DDM by all sector departments in the province is still finalizing a Provincial Institutionalization Framework that will assist to formally institutionalize, provincialize and localize the DDM with structured response and accountability.

The Department will participate through district offices in ward-based planning and Municipal IDP processes to ensure alignment of departmental plans and budgets with local government plans whilst the full-blown implementation of the DDM is in the process of being rolled out by COGTA. DSD participates in the DDM structures that have since been established at a district level and have already submitted their catalytic projects and the DSD plans form part of Municipal IDP's that have since been confirmed and tabled by District Mayors. The process of district profiling which is also part of the DDM processes has initiated by DSD but is now stalling due to COVID-19 with the hope that progress will improve in line with the COVID-19 levels.

The implementation of the DDM has fostered practical intergovernmental relations to plan, budget and implement jointly with other sector departments and local government in order to provide coherent and seamless services to communities. DSD will continue to strengthen IGR systems at all levels for enhanced and integrated. These key projects will be implemented through these interventions: A myriad of integrated Developmental Social Services intervention are implemented with the District to address the social ills that exist. The following interventions are implemented with stakeholders and Social Partners.

• KEY DISTRICT DEVELOPMENT IMPLEMENTATION PROJECTS

Over the MTSF, the Department will contribute to the DDM through these interventions:

PART B

OUR STRATEGIC FOCUS

"Building a caring Society. Together."

Province of the
EASTERN CAPE
SOCIAL DEVELOPMENT

PART B: OUR STRATEGIC FOCUS

"A caring society for the protection and development of the poor and vulnerable towards a sustainable society"	
Caring Society	Through a collective approach or unity with stakeholders
Poor & Vulnerable	By building trust, hope and assurance
Sustainable society	Through continuous improvement & sustainability

MISSION

"To transform our society by building conscious and capable citizens through the provision of comprehensive, integrated and sustainable social development services with families at the core of social change".	
Transformation	Changing the landscape of the Province through legislative reform; programmes which must radically change material conditions of our people and entrenching of human rights
Consciousness	Building activist bureaucrats committed to the service of the Eastern Cape whilst creating a space for progressive awareness, critical engagement and participation of people in their development
Capabilities Integrated service	Enhancing social, human, financial, physical and natural assets of citizens so as to enjoy freedoms espoused in the Constitution of South Africa. Ensuring that our provision of welfare services, community development and social security respond to lifecycle challenges that our people face. This requires budget, structures, systems and processes that enforce integration.

VALUES

Integrity	Ensuring that we are consistent with our values, principles, actions, and measures and thus generate trustworthiness amongst ourselves and with our stakeholders.
Human Dignity	Fundamental Human Right that must be protected in terms of the Constitution of South Africa and facilitates freedoms, justice and peace
Respect	Showing regard for one another and the people we serve and is a fundamental value for the realisation of development goals.
Equality and Equity	We seek to ensure equal access to services, participation of citizens in the decisions that affect their lives and the pursuit of equity imperatives where imbalances exist
Empowerment	We aim to empower employees and communities by building on existing skills, knowledge and experience and by creating an environment conducive to life-long learning.
Accountability	Refers to our obligation to account for our activities, accept responsibility for them, and to disclose the results in a transparent manner.
Customer-oriented	Defined as an approach to sales and customer-relations in which staff focus on helping customers to meet their long-term needs and wants

NATIONAL DSD MANTRA

"Building cohesive, resilient families and communities by investing in people to eradicate poverty and vulnerability towards creating sustainable livelihoods"

VALUE COMMITMENT

As the management and officials of the Eastern Cape Department of Social Development, we undertake to treat the people we serve, i.e. the poor, the vulnerable and the marginalised, with **integrity** and ensuring that we are consistent with our values, principles, actions, and measures and thus generate trustworthiness amongst ourselves and with our stakeholders. Our actions and decisions must be in the interest of the community and must be beyond reproach. We re committing to a rights-based and **customer-oriented** culture & professionalism in which the right to **human dignity** of individuals and communities is sacrosanct. We also commit into treating and serving our people with respect and compassion by acting professionally and diligently in our work. We aim to **empower** our employees and communities by building on existing skills, knowledge and experience and by creating an environment conducive to life-long learning. We pledge to be **accountable** and transparent to the citizens of the Eastern Cape Province through understanding the impact of our work and taking responsibility for our actions and decisions whilst forging strong partnerships with our stakeholders and civil society. Lastly, we seek to ensure **equality and equity** through ensuring equal access to services, participation of citizens in the decisions that affect their lives and the pursuit of equity imperatives where imbalances exist.

PRINCIPLES

We seek to embody the Batho- Pele Principles in our efforts so as to ensure that our service provision is conducted with respect and dignity and results in positive and sustainable outcomes for the citizens of South Africa.

Consultation	People should be consulted about the level and quality of services they receive, and wherever possible, be given a choice.
Service standards	People should be told what level and quality of services they will receive.
Access	All citizens should have equal access to the services to which they are entitled.
Courtesy	All people should be treated with courtesy and consideration.
Information	Citizens should be given full, accurate information about the public services they are entitled to receive
Openness and transparency	Citizens should be told how national and provincial Departments are run, how much they cost, and who is in charge
Redress	If the promised standard of service is not delivered, citizens should be offered an apology, a full explanation and a speedy and effective remedy; and when the complaints are made, citizens should receive a sympathetic, positive response.
Value for Money	Public services should be provided economically and efficiently in order to give citizens the best possible value for money.

NPO MANAGEMENT

The NPO Management Unit facilitates and coordinates various role players in the processes of funding of NPOs. It also assists NPOs with registration of NPOs as legal entities in terms of the NPO Act No.71 of 1997. Once registered, NPOs are obliged to comply with the provisions of the same Act. To that effect, the Unit conducts compliance support interventions intended to assist NPOs to submit the necessary compliance reports so as to maintain the validity of their registration status. Furthermore, the Unit monitors if NPOs operate in line with what they

are funded for. The NPO Unit coordinates and supports the NPO Forums both Provincial and District.

During the 2024/25 financial year, there will be a slight increase on the number of NPOs assisted with registration as the baseline has indicated that there is a demand for this intervention by the Department. The shift towards the utilisation of electronic version in compliance support allows officials to reach more will also lead to more compliance interventions being undertaken.

2.2 SERVICES TO OLDER PERSONS

The sub programme renders Care and Support Services to Older Persons through residential facilities as well as Community Based Care and Support Services. Residential facilities offer 24-hour care, protection and support services in a safe and secure environment whereas Community Based Care and Support Services happens in the service centres which are within communities, these promote recreation, social cohesion and Active Ageing (Golden Games). The emphasis is on improvement of social

wellbeing and the protection of Older Persons against any form of abuse through establishment of support structures. As a way of reaching out and extend services to Older Persons the Department will expand Community Based Care and Support services rather than institutionalization. This is also as part of the transformation agenda as outlined in the social sector priorities.

2.4 HIV AND AIDS

The National Development Plan notes that in 2007, South Africa represented 0.7 percent of the World's population but accounted for 17 percent (about 5.5 Million people) of the global number of HIV infections. In the Eastern Cape specific focus is more on areas where there is high HIV prevalence as HIV has enormous strain on the capacity of families to cope with Psycho – Social and economic consequences of the illness as well as to curb new HIV infections.

Young people aged (15 -24 years) are identified as key population mostly affected by HIV and AIDS hence strengthening of Prevention Programme through social and behavior change and Psycho-social support

services. In response to this, DSD derives its mandate from the National Strategic Plan (NSP) for HIV&AIDS, TB and STI's 2017-2022 which acknowledges that HIV&AIDS is not only a health issue, but a developmental issue, hence the combination approach. In the next financial year focus will also be on Key populations that have not been key in the Programme i.e. Sex Workers, Older Persons, Persons with disabilities, Lesbian, Gay, Bi-sexual, Transgender, Inter-sexual, Queer, Asexual plus (LGBTIQA+'s) and Families experiencing Gender Based Violence which will have an effect on the Programme target population.

2.5 SOCIAL RELIEF

The Department is mandated by the Social Assistance Act to develop a safety net for individuals, families and communities in difficult circumstances and to respond to situations of disaster declared and undeclared. This the Department does in collaboration with South African Social Security Agency (SASSA) as the Department Agency. The services are aimed at the eligible poor and vulnerable and can be offered in the form of counseling and material aid (uniform, clothing, food parcels etc.). The unit cost of intervention per beneficiary is based on the pronouncement of the increase or decrease of the Old Age Social Grant as

pronounced by the Minister of Finance annually which impacts on reaching out to more beneficiaries sometimes due to budget limitations.

The Department will further contribute to the Integrated School Health Programme in ensuring that indigent learners from Quintile 1,2 &3 schools receive material support in partnership with Department of Education and Department of Health. The Department will further ensure that these services are more biased towards Anti-Poverty sites.

3.3 CHILDCARE AND PROTECTION

The primary focus of this programme is care and protection of children against Violence, Child Abuse, Neglect and Exploitation (VCANE). This is undertaken through provision of Community Based Prevention and Early Intervention Services to support Vulnerable Children in communities. It also ensures provision of Therapeutic, Psychological, Rehabilitative services as well as Alternative Care Services for children found to be in need of care and protection through Temporary Safe Care, Foster Care, Child and Youth Care Centres including Adoption Services for those requiring permanency.

Child Care and Protection is a highly legislated terrain, rooted on both the Constitution of the Republic of South Africa, Act No. 108 of 1996 and the Children's Act 38 of 2005 as amended. The Programme needs to ensure compliance to legislation/professional

standards/service standards to avoid litigation. This requires design and implementation of integrated programmes and services (interventions, evidence-based management and information support, human resource development and capacity building) that provide for the development, care and protection of the rights of children. Full and effective implementation of the Children's Act 38 of 2005 as amended remains our biggest challenge.

The sector paradigm shift for provision of Child Protection Services emphasizes a shift from statutory services to Prevention and Early Intervention Programmes to ensure that abuse is prevented before it occurs, identified early enough, avoid children from getting deeper into the system and that all children are prepared for every stage of life in line with the life cycle approach.

3.4 PARTIAL CARE SERVICES

The primary focus of the programme is to provide reception, protection, development and partial care to children on behalf of their parents or caregivers for a temporary period during day and could include overnight. Develop provincial partial care strategy and profile for partial care as enshrined in the children's Act 30/2005 as amended. Registration and monitoring of partial care facilities (private school hostels, temporary respite care referral to as special day care centres and after school care) to ensure compliance with norms and standards. The

programme also focuses more on prioritization and providing care for children with disabilities, which are those children with cognitive impairments, hearing impairment, deafness, speech or language impairment, blindness, deaf blindness, serious emotional disturbance, orthopedic impairment, severe or multiple disabilities, autism, traumatic brain injury, developmental delay, or specific planning disabilities and who by reason of qualifying disability require special education and care.

3.5 CHILD AND YOUTH CARE CENTRES (CYCC)

The sub-programme provides residential care services and support to vulnerable children through governance (registration, funding, monitoring and evaluation of Child and Youth Care Centres) and capacity building of all relevant stakeholders in the children's Act. Slow progress in reunification services for children in residential care centres due to limited resources for case managers (external Social workers from Department of Social Development (DSD) and Child

Protection Organizations).

The target and counting in this indicator also include children placed in state owned CYCCs, underperformance is viewed as positive deviation in line with the sector Paradigm shift that enforces CYCCs as the less preferred alternative care option, promoting family based approach as opposed to institutionalization of children.

3.6 COMMUNITY BASED CARE SERVICES FOR CHILDREN

Provide protection, care and support to vulnerable children in communities including services to children with disabilities (child headed household) children living and working on the street. This is undertaken through provision of Community Based Prevention and Early Intervention Services to support Vulnerable Children in communities former "Isibindi" model and Drop-In

Centres as an implementation mechanism. Target has not increased as there is no additional budget as this service is delivered through funded organizations implementing former Isibindi model and Drop-In Centres as provided for in the Children's Act 38 of 2005 as amended.

Province of the
EASTERN CAPE
SOCIAL DEVELOPMENT

PART D: TECHNICAL INDICATOR DESCRIPTIONS (TIDS)

The Revised Framework for Strategic Plans and Annual Performance Plans (DPME, 2020) stipulates that the Technical Indicator Descriptions (TIDs) must be given for each output indicator. The Department has developed the TIDs in line with the Framework and has ensured that each Indicator has been defined for ease of understanding. The Source of data (indicating where the information is collected from) has been provided and data is divided into Primary and Secondary and the primary source will be kept at the point of data collection (i.e. Institutions, Organisations, Local Service Offices) for record keeping and to maintain confidentiality. The majority of the APP indicators are calculated quantitatively and are expressed in numbers. It should be noted that for the majority of the Performance Indicators, it might not be possible to accurately disaggregate beneficiaries at intake entry level for the services because services are voluntary and accessible to everyone who needs, without classification on gender, age, race and other classification
