CHRIS HANI

**2024/2025
ANNUAL PERFORMANCE PLAN**

DISTRICT DIRECTOR'S STATEMENT

The Chris Hani District accounts for a total population of 842 000 or 12% of the total population of the Eastern Cape. This is a youthful District with the largest share of the population being children and the youth. Influenced by District Demographics, Research findings and Emerging Social ills, targets have been set with Poorest Wards having been prioritized in all six (6) Local Municipalities.

With a background of strong Partnerships attributable to active participation in Inter-Governmental Relations, the District is committing to make a meaningful contribution to service provisioning to all population groups in the Districts. Our commitment to implementation of the District Development Model, ensuring accessibility of services at Ward level through an Integrated approach, transformation of the lives of the people of Chris Hani will be realized.

We will ensure vigorous implementation of the MEC Priorities for 2024/25 are as follows:

1. Strengthening the provision of Child Care and Protection Services to ensure that every

child is protected and receives developmental opportunities at the early stages of his or her life.

2. Strengthening Prevention and Early Intervention Programmes on Gender Based Violence and Femicide.
3. Improving Sustainable Community Development Interventions.
4. Enhancing the participation, mainstreaming and empowerment of all our vulnerable groups, the persons with disabilities, Youth and Women Development.
5. Growing and strengthening of the NPO Sector through improving monitoring and management.
6. Building capable, ethical and developmental state for effective service delivery.
7. Strengthening Social Partnerships through which vulnerable individuals, groups and communities become capable and self-reliant participants in their own development.

As the District Director of Chris Hani, it is a great pleasure to submit the Annual Performance Plan for 2024/25.

PART A: OUR MANDATE

1. UPDATES TO THE RELEVANT LEGISLATIVE AND POLICY MANDATES

The Department of Social Development will continue to provide social protection services through Integrated Developmental Social Services and lead government efforts to forge partnerships through which vulnerable individuals, families, groups and communities become capable and self-reliant participants in their own development.

1.1 CONSTITUTIONAL MANDATE

The Constitutional Mandate of the Department of Social Development is derived from the Section 27 of South Africa's Constitution:

- (1) Everyone has the right to have access to
 - a. **health care services**, including reproductive health care
 - b. **sufficient food and water**; and
 - c. **social security**, including, if they are unable to support themselves and their dependents, appropriate **social assistance**
- (2) The state must take reasonable legislative and other measures, within its available resources, to achieve the progressive realisation of each of these rights

Section 28(1) of the Constitution enshrines the **rights of the children** with regard to appropriate care, basic nutrition, shelter, health care services and social services

Schedule 4 of the Constitution mandates the Provincial Governments to render **population development and welfare services**

1.2 CORE FUNCTIONS AND RESPONSIBILITIES

To provide Developmental Social Services to individuals, families, groups and communities through the following social protection measures:

- **Protective** – Measures are introduced to save lives and reduce levels of deprivation.
- **Preventive** – Acts as an economic stabilizer that seeks to help people avoid falling into deeper poverty and reduce vulnerability to natural disasters, crop failure, accidents and illness.
- **Promotive** – Aims to enhance the capabilities of individuals, communities and institutions to participate in all spheres of activity.
- **Transformative** – Tackles inequities and vulnerabilities through changes in policies, laws, budgetary allocations and redistributive measures.
- **Developmental and generative** – Increases consumption patterns of the poor, promoting local economic development and enabling poor people to access economic and social opportunities.

1.3 PURPOSE OF DEVELOPMENTAL SOCIAL SERVICES

- Enhance social functioning and human capacities.
- Promote social solidarity through participation and community involvement in social welfare.

- Promote social inclusion through empowerment of those who are socially and economically excluded from the mainstream of society.
- Protect and promote the rights of populations at risk.
- Address oppression and discrimination arising not only from structural forces but also from social and cultural beliefs and practices that hamper social inclusion.
- Contribute significantly to community building and local institutional development.

1.4 MAIN SERVICES

The Department offers its programmes and services not as a single entity but collaboratively with the NPO sector established under the Non-Profit Organisations Act (1997). The services of the Department are rendered through a structured based approach adopted from the White Paper for Social Welfare Services 1997 and Framework for Social Welfare Services 2013.

Developmental Social Services are delivered to beneficiaries in terms of the life cycle of a person, namely childhood, youth, adulthood and aging focusing on the family as the central unit in communities targeting groups that are more vulnerable than others, Children, Youth, Women, Older persons and People with disabilities.

- Generic basket of services focusing on prevention, early intervention, rehabilitative, residential and Reunification and After Care Services in dealing with substance abuse prevention and rehabilitation, care and services to older persons, crime prevention and support, services to people with disabilities, child care and protection services, victim empowerment, home community based care services to HIV/AIDS infected and affected communities, social relief of distress, and care and support services to families;
- In ensuring community development, focus is given to community mobilisation, institutional capacity building and support for Non - Profit Institutions (NPIs), poverty alleviation and sustainable livelihoods, community-based research and planning, youth development, women development and population policy promotion.

1.5 DSD SECTOR PORTFOLIO COMMITMENTS FOR 2024 AND BEYOND

- **Basic Income Support** – the sector has embarked on a consultation process on the Draft policy on the Basic Income Support (BIS) to be concluded in 2024/25 financial year
- **Gender Based Violence** (shelters + psychosocial support services) – Based on the mandate of providing psychosocial support services to victims of crime and violence, the DSD makes

contribution in all the six pillars of the NSP on GBVF, while also leading Pillar 4 of the NSP which focuses on Response, Care, Support and Healing.

- **Employment of Social Workers** to address social behavioural change challenges and rising social ills.
- **Alcohol and Substance Abuse** – the death of children and youth in EC (in a tavern)
- has put a spotlight on the sector.
- **Disaster Management** – DSD is working on improving its disaster management responsiveness systems and enhancing coordination working with stakeholders across government, private sector and civil society spectrum.
- **Youth and Gender Empowerment** through skills development and job creation especially through

social entrepreneurship and EPWP - looking at social and solidarity economy.

- **Care and Protection of Children, the Elderly and People with Disability** – DSD has a duty to reduce violence against children, child abuse, neglect and exploitation and to care and protect the rights of the elderly and people with disability.
- **Support for NGOs on social behavioural change matters.**
- **Strengthening Partnerships** to augment the shrinking resources and maximize impact – South Africa is currently experiencing severe fiscus constrains. This is exacerbated by ailing international markets and poor economic outlook. DSD will strengthen these partnerships to augment its limited allocation from the fiscus and realise major impact in improving the quality of life of our people.

1.6. LEGISLATIVE AND POLICY MANDATES

The Department of Social Development derives its mandate from several pieces of legislation and policies. Based on its mandate, the Department develops and implements programmes for the alleviation of poverty, social protection and social development among the poorest of the poor, and the most vulnerable and marginalised. The Department effectively implements this through its partnerships with its primary customers/clients and all those sharing its vision.

Table 1: Legislative Mandates

LEGISLATION	PURPOSE
Constitution of the RSA Act 106 of 1996	Section 27 (1) (c) of the Constitution provides for the right of access to appropriate social assistance to those unable support themselves and their dependants.
Child Justice Amendment Act 28 of 2019	To establish a criminal justice system for children, who are in conflict with the law and are accused of committing offences and make provision for the assessment of children; the possibility of diverting matters away from the formal criminal justice system, in appropriate circumstances and extend the sentencing options available in respect of children who have been convicted; to entrench the notion of restorative justice in the criminal justice system in respect of children who are in conflict with the law.

Public Finance Management Act, 1999	To regulate financial management in the national government; to ensure that all revenue, expenditure, assets and liabilities of that government are managed efficiently and effectively; to provide for the responsibilities of persons entrusted with financial management in that government; and to provide for matters connected therewith.
Skills Development Act, 97 of 1998	To develop the skills of the South African workforce - to improve the quality of life of workers, their prospects of work and labour mobility; to improve productivity in the workplace and the

LEGISLATION	PURPOSE
	competitiveness of employers; to promote self-employment; and to improve the delivery of social services; encourage employers - to use the workplace as an active learning environment; to provide employees with the opportunities to acquire new skills; to provide opportunities for new entrants to the labour market to gain work experience; to employ persons who find it difficult to be employed; and encourage workers to participate in learning programmes; to improve the employment prospects of persons previously disadvantaged by unfair discrimination and to redress those disadvantages through training and education.
Social Assistance Act, 59 of 1992	To provide those unable to support themselves and their dependents with a right of access to appropriate services social assistance.
Social Service Practitioners Act 2018	To provide for the establishment of a South African Council for Social Service Professions and to define its powers and functions; for the registration of Social Workers, student Social Workers, social auxiliary workers and persons practising other professions in respect of which professional boards have been established; for control over the professions regulated under this Act; and for incidental matters.
Social Work Amendment Act 102 of 1998	To enable applicants and beneficiaries to apply to the Agency to reconsider its decision; to further regulate appeals against decisions of the Agency; and to effect certain textual corrections; and to provide for matters connected therewith,
White Paper on Population Policy for South Africa, 1998	To promote sustainable human development and quality of life for all South Africans through the integration of population issues into development planning in all spheres of government and in all sectors of society. The policy mandates the Department of Social Development to monitor the implementation of the policy and its impact on population trends and dynamics in the context of sustainable human development.
White Paper on Social Welfare, 2015	To set out the principles, guidelines, proposed policies and programmes for developmental social welfare in South Africa. As the primary policy document, the White Paper serves as the foundation for social welfare in the post-1994 era.
Women Empowerment and Gender Equality Bill of 2012	To give effect to section 9 of the Constitution of the Republic of South Africa, 1996, in so far as the empowerment of women and gender equality is concerned; to establish a legislative framework for the empowerment of women; to align all aspects of laws and implementation of laws relating to women empowerment, and the appointment and representation of women in decision making positions and structures; and to provide for matters connected therewith.
Disaster Management Act 57 of 2002	Requires the establishment of a National Disaster Management Centre (NDMC) responsible for promoting integrated and co-ordinated National Disaster Risk Management Policy.

Table 2: Policy Mandates

LEGISLATION	PURPOSE
Generic Norms and Standards for Social Welfare Services (2011)	The development and implementation of service standards is a critical requirement for the transformation and improvement of service delivery by public institutions. This is provided for in the White Paper on the Transformation of Public Service (1995), which outlines service standards as one of the eight principles underpinning the transformation process.
Household food and nutrition security strategy for South Africa	This is about government commitment in ensuring food security through implementation of the comprehensive food security and nutrition strategy to benefit vulnerable households.
National Development Plan, Vision 2030 (Outcome 13: Social Protection)	The NDP 2030 is based on a thorough reflection of the grinding and persistent poverty, inequality and unemployment. It provides a shared long-term strategic framework within which more detailed planning can take place and also provides a broader scope for social protection focusing on creating a system to ensure that none lives below a pre-determined social floor
National Strategic Plan on Gender Based Violence and Femicide (2020-2030)	Provide a multi-sectoral, coherent strategic policy and programming framework to ensure a coordinated national response to the crisis of gender-based violence and femicide by the government of South Africa and the country as a whole
National and Provincial Strategic Plan for HIV AND AIDS, STI's and TB	To provide strategic direction, guidance and prevent the spread of HIV and AIDS and other sexually transmitted diseases (STI's) and mitigate the impact thereof.
National Youth Policy (2015 – 2020)	The Policy is a cornerstone and a key policy directive in advancing the objective of consolidating and integrating youth development into the mainstream of government policies, programmes and the National budget.
National Skills Development Strategy III (2011-2016)	To improve the effectiveness and efficiency of the skills development system; establish and promote closer links between employers and training institutions and between both of these and the SETAs and enable trainees to enter the formal workforce or create a livelihood for themselves.
National policy for food and nutrition security	To ensure physical, social and economic access to sufficient, safe and nutritious food by all people, at all times to meet the dietary and food preferences.
Policy on Financial Awards to Service Providers	To guide the country's response to the financing of service providers in the Social Development sector, to facilitate transformation and redirection of services and resources, and to ensure effective and efficient services to the poor and vulnerable sectors of society.
White Paper on Disability	To accelerate transformation and redress with regard to full inclusion, integration and equality for persons with disabilities. We believe that the WRPD and its Implementation Matrix will offer both the public, private and civil society sectors a tangible platform to do things differently to expedite the process of improving the quality of life of persons with disabilities and their families.
Policy on Disability	To enhance the independence and creating opportunities for people with disabilities in collaboration with key stakeholders.
Population Policy of South Africa 1998	To influence the country's population trends in such a way that these trends are consistent with the achievement of sustainable human development.
South African Policy for Older Persons	To facilitate services that are accessible, equitable and affordable to Older Persons and that conform to prescribed norms and standards.
Victim Support Services Policy (2020)	To provide a statutory framework for the promotion and upholding of the rights of victims of violent crime; to prevent secondary victimisation of people by providing protection, response, care and support and re-integration programmes; to provide a framework for integrated and multi-disciplinary co-ordination of victim empowerment and support; to provide for designation and registration of victim empowerment and support services centres and service providers; to provide for the development and implementation of victim empowerment services norms and minimum standards; to provide for the specific roles and responsibilities of relevant departments and other stakeholders; and to provide for matters connected therewith.
National Childcare and Protection Policy (2019)	It provides a unifying framework for effective and systemic translation of the country's childcare and protection responsibilities to realise the vision. The Policy recognises that parents, families, and caregivers are the primary duty-bearers for the care, development and protection of their children, and that most parents, caregivers and families have the desire and capacity to provide care and protection.
Supervision Framework for the Social Work Profession in South Africa 2012	It protects clients, supports practitioners, and ensures that professional standards and quality services are delivered by competent social workers

2.1 POLITICAL DIRECTIVES AND PRIORITIES FOR 2024/2025

Guided by the National Development Plan, the Department's principal vision is to create an all and Inclusive Responsive Social Protection System that forges a consensus on transforming of social protection within a developmental paradigm. The MEC's political directives are embedded in the Departments' core functions, which are to provide the following:

- Inclusive and Responsive Social Protection System
- Integrated and developmental social welfare services (preventive, rehabilitative, therapeutic).
- Community development facilitation and support.

Below are the political and policy imperatives which will be carried out in the 2024/25 Annual Performance Plan:

Table 4: Political Directives

AGENDA	INTERVENTIONS
PRIORITY AREA 1	Strengthening the provision of Child Care and Protection Services to ensure that every child is protected and receives developmental opportunities at the early stages of his or her life.
PRIORITY AREA 2	Strengthening Prevention and Early Intervention Programmes on Gender Based Violence and Femicide.
PRIORITY AREA 3	Improving Sustainable Community Development Interventions
PRIORITY AREA 4	Enhancing the participation, mainstreaming and empowerment of all our vulnerable groups (persons with disabilities, Youth and Women Development)
PRIORITY AREA 5	Growing and strengthening of the NPO Sector through improving monitoring and management.
PRIORITY AREA 6	Fighting poverty, unemployment and inequality by reducing the rate of unemployed social workers
PRIORITY AREA 7	Strengthening district operations to be hubs of service delivery and development in line with the DDM
PRIORITY AREA 8	Building capable, ethical and developmental state for effective service delivery

2.2 STRATEGIC FOCUS AREAS IN RESPONSE TO DEMAND FOR DEVELOPMENTAL SOCIAL WELFARE SERVICE

CARE AND SUPPORT SERVICES TO OLDER PERSONS

The Older Persons Act, 2006 was put in place by the South African government to protect, promote and maintain the status, rights, well-being and security of older persons. In support of the Older Persons Act, South Africa has seen several non-governmental organisations (NGOs) focusing on the needs of the older people. The Department will focus on the following for the 2024/25 financial year:

- Provision of Residential Facilities for older persons
- Provision of Community Based Care Services for older Persons in funded and non-funded sites
- Provision of psychosocial support services and Advocacy Programmes for protection of older persons
- Promotion of Active Ageing

SERVICES TO THE PERSONS WITH DISABILITIES

The White paper for Persons with Disabilities advocates for equality of persons with disabilities, removing discriminatory barriers to access and participation and ensuring that universal design informs access and participation in the planning, budgeting and service delivery value chain of all

programmes. The Department will focus on the following for the 2024/25 financial year:

- Provision of Residential Facilities for persons with disabilities
- Provision of Protective Workshops for persons with disabilities
- Provision of psychosocial support services
- Provision of Community Based Care Services.

HIV AND AIDS

The Department implements the National Strategic plan for HIV/AIDS which seeks to maximise equitable and equal access to services and solutions for HIV/ TB AIDS and STIs and these are implemented through a compendium of Social and Behaviour Change Programmes through YOLO, Ke Moja, ZAZI, the family (e.g. Families Matter programmes), the community (e.g. Community Capacity Enhancement (CCE), Traditional Leaders and Men Championing Change.

SOCIAL RELIEF

The Department implements the Social Assistance Act No 13 of 2004 which provides for temporary relief for individuals and communities experiencing undue hardships. And The act is implemented through the following relief programmes:

- Food parcels and vouchers to qualifying individuals and families
- School uniforms
- Psychosocial support services
- Sanitary dignity Programmes to children of indigent families and households who are from Quintile 1-3 schools.

CARE AND PROTECTION SERVICES FOR CHILDREN

The implementation of the Children's Act 38 of 2005 as amended aims to provide regulations, services and programmes that promote the protection and care of children as well as building resilience of families.

Services include:

- Statutory and Alternative Care services - e.g. Temporary Safe Care, Foster Care, Residential Care and Adoption Programme.
- Programmes aimed at reuniting children previously placed in alternative care with their families or communities of origin.
- Public Education and prevention programmes, focusing on parental responsibilities and rights, targeting children, parents, families and communities.
- Partial Care Services targeting children with disabilities
- Child and Youth Care Centres
- Community-Based Care Services for children through Drop-in Centres, RISHA and Safe Parks
- Provision of services by Child Protection Organisations

PROMOTION OF FAMILY WELL-BEING AND STRENGTHENING OF FAMILY RELATIONSHIPS

- Provision of Family Preservation Services, Parenting Programmes and Family reunification services
- Expand families' knowledge of and access to social welfare services that can meet their needs at different points in the family life course.
- Provision of Psychosocial support and Therapeutic services
- Provision of family services through various NGOs and faith-based organisations.
- Protect all families' right to have access to sufficient food to meet family members' basic needs
- Empowering families to develop sustainable livelihood strategies.

CARE AND SUPPORT TO FAMILIES

Along with the economy, polity and education, the family is universally viewed as one of the essential sectors without which no society can function (Ziehl, 2003). As the setting for demographic reproduction, primary socialisation, and the source of emotional, material, and instrumental support for its members (Belsey, 2005), families influence the way society is structured, organised, and is able to function. During a

family's life course, individuals within the family transition between different life stages. Each stage presents new challenges and new opportunities for growth and development. However, for a range of reasons, many families are less equipped and face significant stressors as they seek to respond to the needs of family members. Such circumstances may include (but are not limited to) poverty and a lack of economic opportunities, poor infrastructure and service delivery, substance abuse, crime, and violence (Roman et al., 2016). In addition, pandemics, and other social and environmental shocks, such as HIV and AIDS and Covid-19, profoundly affect the well-being of South African families through shifts in the burden of care, health challenges, and loss. (National Family Policy, 2015). The Department will focus on the following for 2024/25 financial year:

CRIME PREVENTION AND SUPPORT

Crime and violence continue to be amongst the most serious and intractable impediments to development in the Eastern Cape. These impediments are the result of a multiplicity of factors related to the socio-economic challenges experienced by the province, which are characterised by extreme inequality and poverty, spatial segregation and high levels of unemployment.

In line with the National Development Plan (NDP) sets out a vision for safer communities, recognising the need to address the drivers of crime and violence, the Department of Social Development implements Social Crime Prevention Strategy through the following measures:

- Expand provision of re-integration programme for ex-offenders
- Implementation of social crime programmes in hot spot areas
- Provision of diversion programmes for children in conflict with the law
- Provision of re-integration programme for ex-offenders

SUBSTANCE ABUSE, PREVENTION AND REHABILITATION

The National Drug Master Plan seeks to provide an effective response prevention of social marginalisation and the promotion of non-stigmatising attitudes, encouragement to drug users to seek treatment and care, and expanding local capacity in communities for prevention, treatment, recovery, and reintegration.

The Department implements the National Drug Master Plan through the following measures:

- Strengthen functionality of Local Drug Action Committees in partnership with Local Municipalities
- Strengthen implementation of the Provincial Drug Master Plan targeting hot spot areas.

- Promote access and marketing of the Ernest Malgas Treatment Centre to benefit all children in need of rehabilitative service
- Strengthen implementation of integrated prevention programmes on substance abuse.
- Establish collaborative relationships; promote joint planning and integration internally and externally.
- Capacity building of emerging organizations in to have capacity to render restorative services.
- Roll out of prevention programme through implementation of awareness
- Provision of in and out-patient treatment programme
- Provision of aftercare and re-integration programme

VICTIM EMPOWERMENT

The National Policy Guidelines for Victim Empowerment are intended to achieve a society in which the rights and needs of victims of crime and violence are acknowledged and effectively addressed within a restorative justice framework.

The Department will implement the following measures:

- Strengthen prevention and early intervention programmes
- Continue to support White Door Centres of Hope and Shelters for Women
- Provision of support services to all victims of crime and violence in line with the Norms and Minimum Standards for Victim Empowerment.
- Implementation of the National Strategic Plan on Gender Based Violence and Femicide (2020-2030) with emphasis on Pillar 4, 2 and 5 focusing on response, care, support & healing, prevention of gender-based violence and femicide and empowerment of survivors of GBV.

YOUTH DEVELOPMENT

National Youth Policy 2020-2030 sets out interventions that facilitates holistic positive development for young people to enable them to contribute positively and actively in the socio-economic platforms within the society.

Youth Development Programme focus areas: Support to Youth Development Structures (Youth Cooperatives & NPOs), Skills Development and Youth Mobilisation.

- Support to youth development structures focuses on empowering young people by providing them with livelihood opportunities to enhance their capabilities and create self-employment opportunities. These initiatives are democratic organisations which emanates from youth mobilisation sessions with a social purpose that addresses both economic need and social need initiated and sustained by the combination of public and private resources. The programme provides financial support, capacity building and

mentorship in relevant aspects such as governance, entrepreneurship development, financial management, bookkeeping, marketing leadership, social cohesion and nation building for effective performance and for service delivery.

Skills Development

- Youth development incorporates youth skilling through training, internship and learnerships for young people to access a range of available opportunities within the mainstream economy. These programmes provide foundation for youth to enter a range of qualification based training on community development methodologies, technical scarce skills and soft skills such as Culinary Skills, carpentry (construction & cabinet making), upholstery, community house building, electrical, plumbing, welding, life skills, computer training, digital skills, business skills, sewing, entrepreneurship and drivers licence)
- Youth Mobilisation involves continuous engagement of young people for empowerment and to equip them with tools for personal development and sustainable livelihoods. Personal development covers any activity that improves awareness or identity, enhances quality of life/develops talents and skills so as to contribute to social cohesion and nation building. Young people are mobilised to work together, engage, raise awareness, create a strong voice, actively participate in their own development using a solution focused approach that empowers them to solve their own problems. These programmes are facilitated through youth outreach programmes, youth dialogues, intergenerational dialogues, youth month events and Provincial Youth Camp.

WOMEN DEVELOPMENT

Women's Economic Empowerment

The promotion of women empowerment and gender equality is a priority which is expressed in several South African laws which are aligned with regional, continental and global conventions and frameworks. In fostering an enabling environment for gender equality, the Department implements the following interventions:

Economic empowerment is central to women's ability to overcome poverty, cope with shocks and improve their well-being. Women's economic empowerment is when women can make and/or influence, and act on decisions about their participation in labour markets, their share of unpaid work and in the allocation and use of their own/their household's assets. The Department will implement the following interventions: Develop a database of NPOs, Cooperatives and informal trading entities

- Enable women to access start-up capital and funds for expansion of existing women-owned businesses.

- Promote cooperation among women led NPOS and cooperatives.
- Improve capacity and mentoring of women in business and potential entrepreneurs
- Facilitate skills development and training in business and entrepreneurship development, co-operatives development, organisational, financial management and stokvel savings management;

Promoting Women Empowerment through Cooperatives

A cooperative refers to an autonomous association of people who voluntarily cooperate for their mutual social, economic, and cultural benefit. It includes non-profit community organisations that are owned and managed by the people who use their services (consumer co-operatives) and/or by the people who work there (worker co-operatives). The Department will promote Women Empowerment through:

- Improved access to economic opportunities for women cooperatives.
- Improved capacity and access to markets
- Strengthening management and governance of women cooperatives.
- Improved access to mentorship, information and advisory services

Support to Women's Social Empowerment and Protection Programmes

Women's social empowerment is understood as the process of developing a sense of autonomy and self-confidence, acting individually and collectively to change social relationships. It is when women gain the ability to make/influence decisions about their social interactions (e.g. mobility, association with others), reproduction, health and education

- Eradicating and supporting victims of Gender-Based Violence and Femicide.
- Strengthening women's development.
- Promoting and protecting women's rights

2.3.6 IMPLEMENTATION OF PROGRAMMES TARGETING MILITARY VETERANS

A proclamation through Government Notice, Number 32844, dated 28 December 2009; recognizing a need to acknowledge South African Military Veterans, and therefore established a department to handle their affairs, the Department of Military Veterans (DMV). Subsequent to that, the Military Veterans Act 18 of 2011 was passed as legislation to handle all matters relating to Military Veterans. Military Veterans were identified as a designated group in the Eastern Cape Province. For 2024/25 plans the Department will prioritise delivery of services to military veterans in the Eastern Cape, where there will be signed Mou' between the Department and Department of Military Veterans.

Section 9 Of the Bill of Rights addresses the right to equality while Section 10 guarantees the right to dignity. The Military Veterans Act 18 of 2011, provides

for principles that guide all benefits relating to military veterans, By Sector Departments. Military Veterans Act 18, 2011, Accommodates Military Veterans issues from all nine (9) Military Veterans associations and organisations, statutory and non-statutory.

The Department will focus on the following services to military Veterans.

- 1) Provision of Psychosocial support services
- 2) Profiling of Households
- 3) Provision of Social Relief of Distress
- 4) Facilitation of Business Development Support (Registration of, co-ops, NPO's).

2.3.7 IMPLEMENTATION OF PROGRAMMES TARGETING EX-MINE WORKERS

The Department will focus on the following services to ex-mine workers:

1. Provision of Psychosocial support services
2. Profiling of Households
3. Provision of Social Relief of Distress
4. Facilitation of Business Development Support (Registration of, co-ops, NPO's).

2.3.8 PROVINCIAL ANTI-POVERTY STRATEGY

The Eastern Cape Provincial Administration gave a mandate to the Provincial Department of Social Development to facilitate and drive the implementation of the Provincial Anti-Poverty Strategy, which is aimed at reducing the incidence of poverty as well as to prevent the reproduction of poverty within households and communities of the Eastern Cape Province.

At the centre of the fight against poverty is the creation of economic opportunities and enabling or empowering communities and individuals to access these opportunities. Providing a safety net in the form of social assistance and provision of basic services continues to be critical in the efforts towards eradication of poverty.

In line with the multidimensional nature of poverty, the anti-poverty framework is anchored on the five pillars listed below:

- **Pillar 1:** Promote social inclusion, implement social capital Initiatives and build safer communities.
- **Pillar 2:** Invest in human capital and Human Development: This objective responds to the need to provide health care, education and training needed to engage with the economy and in political processes. Central here is ensuring that poor children grow up healthy, are provided with quality and efficient preventative and curative care and ensuring that illness or disability do not plunge poor households into destitution.
- **Pillar 3:** Improve the health profile: Adequate healthcare is critical in the struggle against poverty to maintain good quality of life, ensure adults are able to work and care for their families, and that

children grow up healthy. If healthcare is unaffordable, an illness can plunge a marginal family into crisis. Moreover, providing adequate healthcare for all is a critical element in building social trust and solidarity.

- **Pillar 4:** Ensure income security, create economic opportunities and jobs: The strategy recognises the importance of providing safety nets for the most vulnerable, primarily through social grants. This is to ensure that vulnerability associated with disability, age and illness does not plunge poor households into destitution. Measures to ensure income security for those without access to economic opportunities take two forms namely, social assistance and social insurance.
- **Pillar 5:** Better targeted access to basic services and assets: This pillar addresses what has been termed a social wage, consisting of services such as subsidised housing, and expanded access to

water, electricity, refuse removal and sanitation; as well as a raft of minimum free basic services for vulnerable sectors of the population. It is an important principle that inability to pay for basic services should not prevent the poor from accessing these services altogether.

The Anti-Poverty and Rural Development Strategy is intended to be implemented in accordance with the policy directives of the Provincial Medium - Term Strategic Framework 2020-2024 in the poorest nodal points within **39 Wards** in the identified Local Municipalities with special focus on the **476 villages**.

The following are the services and interventions that the Department of Social Development will be contributing in the 39 Wards to enhance human capabilities, building resilience in individuals, families and development and empowerment of communities.

INSTITUTIONALIZATION OF LIFE-CYCLE APPROACH

The Life Cycle approach is an attempt to realign Departmental interventions and programmes to contribute to all the life stages of a person from the infant stage to older persons (from the cradle to the grave). Below are the examples of how the Department intervenes from in each stage of the life cycle:

2.3.13 THE FAMILY BASED MODEL AS AN APPROACH FOR THE PROVISION DEVELOPMENTAL SOCIAL WELFARE SERVICES

The Department through the implementation of the Family Based Model is committed in all its Programmes to promote reciprocal care within and amongst family members as well as social solidarity amongst community members as an innovative strategy to protect vulnerable families and those at risk. Family Based Model is a developmental model which places a family as a central unit in Department of Social Development for delivering integrated, holistic and developmental interventions to build strong family capacities and structures within communities where they stay and live. It locates the individual within a family and takes the family as the main system of development. It also promotes an in-depth description of the socio-economic conditions of communities in which these families and households exist.

It encourages the use of strength-based and participatory approaches to poverty reduction. It is aimed at avoiding looking at individual families or households only without contextualising them in their specific villages and communities where they are located. The model strengthens the social well-being to have ability to care for one's self and for one's own family and children; maintaining self-respect and dignity; living in peace and harmony with family and community; having freedom of choice and action in all aspect of life. It is aimed at improving the quality of life and social-well-being of the poor, marginalised and vulnerable families. It is also focused on the socio-economic transformation of a family as a critical unit co-existing within the entire community around it.

The Family Based Model is conceptualised on improving the socio-economic well-being of a family in terms of:

- Material well-being i.e. having sufficient food, assets, capacities and sustainable livelihood, access to job opportunities, self-employment and improving income
- Physical, emotional and spiritual well-being i.e. possessing good health, healthy human relationships, good and healthy conditions.

2.3.14 DISTRICT DEVELOPMENT MODEL

The District Development Model (*inspired by the Khawuleza Presidential call to action*), launched by the President aims to accelerate, align and integrate service delivery under a single development plan per district or metro that is developed jointly by national,

provincial and local government as well as business, labour and community in each district. Each district plan must ensure that national priorities such as economic growth and employment; improvements to living conditions; the fight against crime and corruption and better education outcomes are attended to in the locality concerned. In the Eastern Cape, OR Tambo District Municipality has been identified as the rural pilot of the District Development Model (DDM). The Model will be rolled out in all the districts and metros in the Province. This will assist in ensuring that planning and spending across the three spheres of government is integrated and aligned and that each district or metro plan is developed with the interests and input of communities taken into account upfront.

The Department of Cooperative Governance and Traditional Affairs (COGTA) is championing the implementation of the DDM by all sector departments in the province is still finalizing a Provincial Institutionalization Framework that will assist to formally institutionalize, provincialize and localize the DDM with structured response and accountability.

The Department will participate through district offices in ward-based planning and Municipal IDP processes to ensure alignment of departmental plans and budgets with local government plans.

The implementation of the DDM has fostered practical intergovernmental relations to plan, budget and implement jointly with other sector departments and local government in order to provide coherent and seamless services to communities. DSD will continue to strengthen IGR systems at all levels for enhanced and integrated

These key projects will be implemented through these interventions: A myriad of integrated Developmental Social Services intervention are implemented with the District to address the social ills that exist. The following interventions are implemented with stakeholders and Social Partners.

• KEY DISTRICT DEVELOPMENT IMPLEMENTATION PROJECTS

Over the MTSF, the Department will contribute to the DDM through these interventions.

3. UPDATES TO RELEVANT COURT RULING

The following are the court rulings will continue having an impact on the Departmental operations or service delivery obligations during the 2024/25 financial year and beyond:

**i. High Court Ruling on NPO Funding Policy –
NAWONGO v MEC for Social Development and
Others Case No. 1719/2010, Free State High Court**

A group of NPO's in the Free State Province, brought a court application against the Free State Provincial Department of Social Development, after several years of serious frustration in the manner that the Free State Provincial Department had dealt with the transfers of their subsidies. The first part of the NPO's application was that government should immediately pay the transfers that had already been allocated to the NPO's but was yet to be transferred. The second part of the NPO's application was that the Free State Provincial Department should urgently review its policies in respect of NPO funding.

The first part of the judgment, delivered in August 2010, noted that 1 400 NPOs were currently funded by the Free State Provincial Department of Social Development, and that the Department openly acknowledged that these organisations played a major role in delivering social services to children, older people, people with disabilities and others. In fact, the Department was dependent on the NPO's for delivering services which the Department was responsible for in terms of the Children's Act and the Older Persons Act. The Department also acknowledged that the funding to the NPO's do not cover the full costs of delivering these services, yet the allocations to NPO's and the way in which it makes (or does not make) payment do not reflect these acknowledged facts.

The judgement provided guidance to the Free State Provincial Department of Social Development on how it should revise its funding policy in order for the policy to be reasonable. Firstly, the policy must recognise that the NPO's are providing services that the Department itself is obliged to provide in terms of the Constitution and the applicable relevant legislation. Secondly, the policy must have a fair, equitable and transparent method of determining how much the department should pay and how much the NPO's should contribute from other sources of income such as donations from funders.

While the judgment was against the Free State Department of Social Development, it is relevant to all Provincial Departments of Social Development because the Free State's NPO funding policy is the same as the national policy. Therefore, the judgement was also a strong indictment of the existing national framework for the funding of NPO's that all provincial

governments followed. The Eastern Cape Department of Social Development continually strives to adhere to

the guidance provided by the High Court in developing and improving its funding policies.

**ii. High Court Matter on reduction / termination
of subsidies -
Eastern Cape NGO Coalition v MEC for Social
Development and others, Case No. 2460
/2018, Grahamstown High Court**

The Legal Resource Centre, an NGO based in Grahamstown was acting on behalf of the Eastern Cape NGO Coalition, a group of NPO's based in the Nelson Mandela Metro District. An urgent court application was launched during August 2018 for an order to compel the Department to review its decision to cut, reduce and/or terminate the payment of subsidies to the affected NPO's. In essence, this matter dealt with the historical imbalance of NPO funding in the developed part of the Eastern Cape, i.e. the Port Elizabeth and East London metropolitan areas, and the underdeveloped part of the Eastern Cape, i.e. the former Ciskei and Transkei.

The High Court found that the Department's decision to cut, reduce and/or terminate the payment of the affected NPO's was unlawful, irrational and unconstitutional. The Court further found that the Department's consultative process with the affected NPO's was not comprehensive nor was it transparent as the Department appeared to have already made a decision before the consultation process had commenced. The High Court did not grant any compensation due to the elapse of time that had passed since the matter was initiated. The judgment is however important as the Department had to review its entire consultative process to be one that is inclusive, encompassing, open and transparent. The Department has ensured that all future consultative processes with NPO stakeholder forums, individual NPO's and the community at large is just that to prevent any claim that the Department has embarked on the consultative process with a pre-determined decision.

**iii. High Court Matter on suspending subsidies
based on alleged corruption -
Sakhingomso Training and Development
Centre v MEC for Social Development and one
other,
Case No. 4244 / 2021, Mthatha High Court**

The District received an anonymous tip off alleging corruption and mismanagement of subsidised funds at the Sakhingomso Training and Development Centre in Mthatha. The District reported the allegations to the Provincial Head Office and requested a forensic investigation. The District then decided to suspend the further payment of subsidies to the Centre pending the finalisation of the investigation. Alternative arrangements were made for the affected children at the Centre. In terms of the Department's service level agreement with the Centre, the Department reserved the right to suspend funding where allegations of such a serious nature are brought to the fore. The Department is however obligated in terms of the

contractual agreement to finalise the investigation within a fairly quick turnaround time, which it failed to do.

The High Court found that the Department had not complied with the service level agreement and was in breach of its own contractual obligations. The Department should have concluded its investigation within the time period agreed and should have presented its findings to the Management Board of the Centre to allow them to implement the recommendations and/or remedial steps. The Court further found that the failure of the Department to conclude its own investigation due to budgetary constraints could not be laid at the door of the Centre and that the suspension of funds should at best have been lifted in order to allow the Centre to operate and render services.

The High Court ordered the Department to compensate the Centre all the outstanding subsidies that was withheld during the period of suspension. The judgment is important as the Department has learnt that it must comply with its own obligations in terms of its contractual agreement before taking the drastic decision to suspend funding. The Department has further revised its contractual agreement to allow itself a reasonable time to conclude investigations into allegations of fraud and corruption, and to define the special circumstances under which subsidies may be suspended.

iv. High Court Matter on the reduction of subsidies – *Imbumba Association for the Aged v MEC for Social Development and one other, Case No. 647 / 2022*

The Department and the associated members of Imbumba entered into service level agreements on or about May/June 2021 to provide services at Service Centres for older persons in rural, poverty-stricken areas concentrated in the former Ciskei and Transkei. As a result of the devastating impact of the COVID pandemic on the national fiscus, the State implemented national and consequential provincial budget cuts across all organs of State, including the Department for the financial year 2020/2021. The budget cuts for the Department of Social Development were detrimental to its constitutional mandate with all five Departmental programmes adversely affected, including its core services. This resulted in the Department having to implement budget cuts across the board, with programme 2 deciding to limit the number of subsidised beneficiaries who visit service centres to a maximum of 20 beneficiaries. The decision was informed by the national state of disaster regulations implementing a national lockdown restricting the freedom of movement during the highest levels of COVID. Unbeknown to the Department, the care givers at these Imbumba affiliated service centres defied the ban and visited the beneficiaries at their homes to provide the assistance that they would ordinarily have received at the service centres but for the COVID lockdown.

Imbumba raised a dispute about the reduction of the number of beneficiaries to a maximum number of 20. Dissatisfied with the Department's responses, the dispute escalated into a formal application before the High Court in Makhanda under case no. 647 / 2022. The Department, alive to its constitutional mandate to *inter alia*, provide social security to older persons, and appreciative of the partnership with Imbumba, initiated negotiations through its internal legal services with the legal representatives of Imbumba in an effort to settle the dispute out of court.

In following this approach, the Department considered the fact that although the national lockdown restricted the movement of ordinary citizens including older persons, and despite the service centres not rendering the services at their institutions, the Department had a moral duty in terms of its Constitutional mandate to at least compensate the service centres for actual services rendered where sufficient proof could be provided of home visits. The circumstances were after all exceptional as none of the litigants could have foreseen the catastrophic consequences of the COVID pandemic that has now forever changed the landscape within which government renders its services to the marginalised and impoverished citizens of the country.

Due to the litigant parties having signed a confidentiality agreement, the Department is precluded from divulging the terms and conditions of the settlement agreement. The matter is important as it gives the Department a blueprint on how to manage a national disaster of the magnitude of the COVID pandemic, the likes of which has never been seen or experienced by past generations. More so, where such a pandemic has a detrimental impact on the State Fiscus, any budgetary reductions must first pass constitutional muster.

v. High Court Ruling on NPO Funding Policy – *NAWONGO v MEC for Social Development and Others Case No. 1719/2010, Free State High Court*

A group of NPO's in the Free State Province, brought a court application against the Free State Provincial Department of Social Development, after several years of serious frustration in the manner that the Free State Provincial Department had dealt with the transfers of their subsidies. The first part of the NPO's application was that government should immediately pay the transfers that had already been allocated to the NPO's but was yet to be transferred. The second part of the NPO's application was that the Free State Provincial Department should urgently review its policies in respect of NPO funding.

The first part of the judgment, delivered in August 2010, noted that 1 400 NPOs were currently funded by the Free State Provincial Department of Social Development, and that the Department openly acknowledged that these organisations played a major role in delivering social services to children, older people, people with disabilities and others. In fact, the Department was dependent on the NPO's for

delivering services which the Department was responsible for in terms of the Children's Act and the Older Persons Act. The Department also acknowledged that the funding to the NPO's do not cover the full costs of delivering these services, yet the allocations to NPO's and the way in which it makes (or does not make) payment do not reflect these acknowledged facts.

The judgement provided guidance to the Free State Provincial Department of Social Development on how it should revise its funding policy in order for the policy to be reasonable. Firstly, the policy must recognise that the NPO's are providing services that the Department itself is obliged to provide in terms of the Constitution and the applicable relevant legislation. Secondly, the policy must have a fair, equitable and transparent method of determining how much the department should pay and how much the NPO's should contribute from other sources of income such as donations from funders.

While the judgment was against the Free State Department of Social Development, it is relevant to all Provincial Departments of Social Development because the Free State's NPO funding policy is the same as the national policy. Therefore, the judgement was also a strong indictment of the existing national framework for the funding of NPO's that all provincial governments followed. The Eastern Cape Department of Social Development continually strives to adhere to the guidance provided by the High Court in developing and improving its funding policies.

vi. High Court matter on adoptions – National Adoption Coalition of South Africa v MEC for Social Development, KZN – Case Number D4680/2018, Durban High Court

The Department's budgetary constraints is further challenged by the KZN High Court Order relating to adoption services. In summary the case related to serious delays experienced in the issuing of Section 239 (Children's Act) letters by the KZN Department of Social Development. These delays in many instances prevented adoptions from proceeding due to the Department's failure to decide on the adoption and consequently preventing the Children's Court from timeously considering the adoptions.

The judgment handed down declared that the current adoption process followed in respect of Section 239 applications was infringing on the rights of the adoptable children, the rights of the birth parents and the rights of the prospective adoptive parents. The Court Order provided strict timelines for DSD to process all outstanding adoptions, namely 30 (thirty) days. The Court Order further directed that proper consideration of all the relevant factors be undertaken, and this now represented a significant departure from the past decision-making process that was more rigid.

The judgment sets an important precedent as it enforces the Department to provide and allocate adequate resources to ensure that the adoption

system flourishes and is managed efficiently and effectively. If not, the Department runs the risk of similar litigation. The Department has taken heed of the judgment and has implemented proactive steps to efficiently and effectively manage the adoption process despite serious budgetary constraints and stretched resources.

vii. High Court matter on children with Disruptive Behaviour Disorders Centre for Child Law v Ministers of Social Development, Health and Basic education (Children with Severe or Profound Disruptive Behavioural Disorders)

The case focused on the plight of a 10-year-old girl who was orphaned and placed in foster care shortly after birth. The placement broke down, leading to 15 different placements in her 10 years of life. Three government Departments, namely Department of Social Development [DSD], the Department of Health [DOH] and Department of Basic Education [DBE] were taken to Court by the Centre for Child Law for their failure to cater for the provision of appropriate alternative care, mental services and basic education of an adequate quality for children with Severe or Profound Disruptive Behavioural Disorders (DBD).

The three departments ultimately acknowledged that their present policies, programmes and plans did not comply with the obligations imposed on them by the Constitution and legislation to provide appropriate assistance and care to children with severe or profound disruptive behaviour disorders.

A settlement was reached between the three Departments (DSD, DoH and DBE) and the Centre for Child Law.

The settlement agreement required of the departments to develop an inter-sectoral policy, and an implementation plan that removes barriers that hinder children with behavioural difficulties' full and effective participation in society. The order further required that the policy and plan must also explain how residential care facilities, with appropriate programmes, will be spread out, to ensure that children have access to services they need and that these services address their particular needs if they are in need of care and protection. The policy and plan must also set out how basic education and appropriate health care services will be provided to the children as well as how support for families and respite care will be provided so that children are not unnecessarily removed from their family environment.

The order set out interim arrangements that were to be put in place while the policy and plan was being developed, with the departments required to ensure that children with behavioural difficulties brought to their attention must be provided with suitable alternative care and if necessary, have access to quality education and receive appropriate health care services while their families should be provided with necessary support.

The Department of Social Development was specifically ordered to make arrangements for children with DBD to be placed in the most suitable Alternative Care as well as ensuring provision of the necessary and suitable support to Parents/Caregivers of children with DBD who remain in their care.

viii. D and Another v Head of Department of Social Development, Gauteng and Others, S and Another v Head of Department of Social Development, Gauteng and Others (30205/2019, 55642/2019) [2021] ZAGPPHC 388 (17 June 2021)

Both matters relate to the proper interpretation of section 239(1)(d)[1] of the Children's Act 38 of 2005 (the Children's Act) to recommend an adoption. The applicants were of the view that such a letter (recommending an adoption) is not a peremptory requirement and should be interpreted to include a letter not recommending an appointment.

The Court considered the jurisdiction of the Children's Court to hear adoption applications and considered that the purpose of the letter implicitly recognizes that it is the Children's Court that must make a decision on the evidence before it on whether or not to grant an adoption. The Children's Court would, logically, consider the letter either recommending or not recommending the adoption in its assessment of, inter alia, 'best interests'. A Children's Court is not absolutely barred from hearing an application but rather may, in exceptional circumstances, condone that failure. The Court then held that it must then follow that a Children's Court that is in possession of a letter – albeit a letter not recommending the adoption – would still be entitled to consider the adoption application.

If this were not so, it would lead to the absurd conclusion that a Children's Court is bound by the decision of the first respondent and has no authority whatsoever to depart from it. This, in the view of the Court could not be correct and, in fact, would do violence to the separation of powers doctrine and defeat the very purpose of the Children's Court. A converse finding would not only run contrary to the spirit and purport of the Children's Act but would also violate several fundamental rights of children including: firstly, the purpose of the Children's Act as articulated in its Preamble; secondly, the objectives of the Children's Act, generally, and the objectives of adoption, specifically; thirdly, a child's right to 'family life'; fourthly, the child's right to appropriate alternative care; and fifthly, a child's right to have his or her best interests considered of paramount importance, particularly insofar as it deprives a child to 'family life' and leads to undue delay.

In conclusion, the court declared that the letter contemplated in section 239(1)(d) of the Children's Act 38 of 2005 includes a letter not recommending the adoption of the child.

ix. S v L M and Others (97/18; 98/18; 99/18; 100/18) [2020] ZAGPJHC 170; [2020] 4 All SA 249 (GJ); 2020 (2) SACR 509 (GJ); 2021 (1) SA 285 (GJ) (31 July 2020)

The matter has its genesis in an urgent review concerning four (4) children, which came before magistrates for diversions in terms of section 41 of the Child Justice Act. The children were alleged to have committed offences referred to in Schedule 1 of the Child Justice Act. They had all tested positive for cannabis which tests had been performed at school. They were accordingly alleged to have been in possession of cannabis which constitutes an offence in terms of Schedule 1 of the Child Justice Act.

The court in terms of the review application before it made the following declaratory order:

- a). It is declared that section 4(b) of the Drugs and Drug Trafficking Act 140 of 1992, as amended is inconsistent with the Constitution of the Republic of South Africa, 1996 ('Constitution') and invalid to the extent that it criminalises the use and/or possession of cannabis by a child.
- b) Pending the completion of the law reform process to correct the constitutional defects, no child may be arrested and/or prosecuted and/or diverted for contravening the impugned provision. This moratorium did not, in any way, prevent and/or prohibit any person from making use of any civil process and/or procedure to ensure a child receives appropriate assistance and/or interventions for cannabis use or dependency.
- c) That section 53(2) read with section 53(3) of the Child Justice Act 75 of 2008 ('Child Justice Act) does not permit, under any circumstances whatsoever, for a child accused of committing a schedule 1 offence to undergo any diversion programme involving a period of temporary residence.
- d) That section 58(4)(c) of the Child Justice Act does not authorise and/or empower a prosecutor or child justice court to refer a child, accused of committing a schedule 1 offence, and who failed to adhere to a previous diversion order, to undergo any further diversion programme involving a period of temporary residence.

5.1 CHRIS HANI DISTRICT SPATIAL PROFILE

Chris Hani District Municipality is situated on the northern region of the Eastern Cape Province and covers a surface area of 36,756 Km². Only 35.2% of the district population live in areas classified as urban, while 63.8% live in predominantly rural areas. The district also shares borders with five other districts, namely, Pixley ka Seme DM, Joe Gqabi DM, Sarah Baartman DM, Amathole DM and O.R. Tambo DM.

After the 2016 Local Government Election (3 August 2016), the number of local municipalities decreased from eight to six with the merger of Tsolwana LM, Inkwanca LM and Lukanji LM into a newly established municipality, ENOCH MGJIMA Mjijima LM, which also hosts the district municipal headquarters and council chambers in Komani.

The following list presents the six Local Municipalities of the district with their urban nodes:

Local Municipalities	Service urban nodes
Inxuba Yethemba LM	Cradock and Middleburg.
Enoch Mjijima LM	Queenstown, Whittlesea, Tarkastad, Hofmeyer, Ntabethemba, Molteno, Ezibeleni, Sterkstroom.
Emalahleni LM	Lady Frere, Dordrecht and Indwe.
Intsika Yethu LM	Cofimvaba and Tsomo.
Sakhisizwe LM	Cala and Elliot
Dr Ab Xuma LM	Engcobo and Coghlán

5.2 DEMOGRAPHICS

In this section, an overview is provided of the demography of the Chris Hani District Municipality and all its neighbouring regions. This section will also provide population distributions across race, age and gender as well as an indication of

population densities and various household dynamics.

The situational analysis for developmental social welfare services is influenced by the following social indicators as tabulated below:

The Inxuba Yethemba Local Municipality increased the most, in terms of population, with an average annual growth rate of 1.03%, the ENOCH MGJIMA Mgijima Local Municipality had the second highest growth in terms of its population, with an average annual growth rate of 1.02%. The Intsika Yethu Local Municipality had the lowest average annual growth rate of 0.09% relative to the other within the Chris Hani District Municipality.

5.3 POPULATION BY POPULATION GROUP, GENDER AND AGE

The total population of a region is the total number of people within that region measured in the middle of the year. The total population can be categorised according to the population group, as well as the sub-categories of age and gender. The population groups include African, White, Coloured and Asian, where the Asian group includes all people originating from Asia, India and China. The age subcategory divides the population into 5-year cohorts, e.g. 0-4, 5-9, 10-13, etc.

In 2017, the Chris Hani District Municipality's population consisted of 93.92% African (798 000), 1.84% White (15 600), 3.97% Coloured (33 700) and 0.27% Asian (2 310) people.

The largest share of population is within the babies and kids (0-14 years) age category with a total number of 282 000 or 33.2% of the total population. The age category with the second

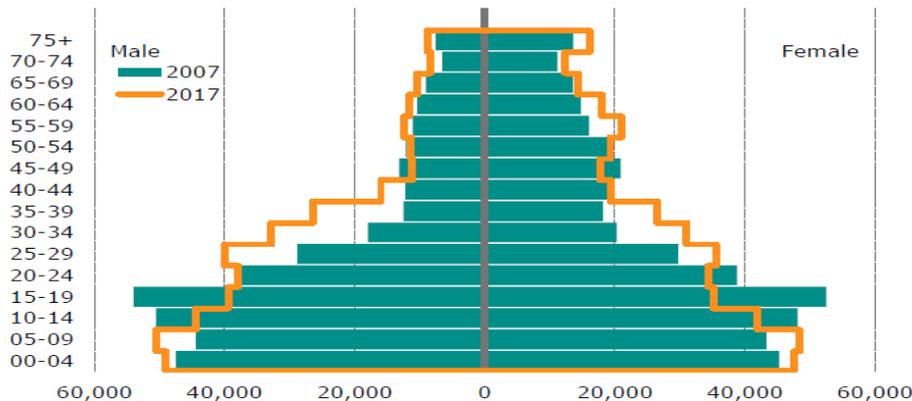

largest number of people is the young working age (25-44 years) age category with a total share of 26.8%, followed by the teenagers and youth (15-24 years) age category with 147 000 people. The age category with the least number of people is the retired / old age (65 years and older) age category with only 70 400 people, as reflected in the population pyramids below.

POPULATION PYRAMIDS

A population pyramid is a graphic representation of the population categorised by gender and age, for a specific year and region.

With the African population group representing 93.9% of the Chris Hani District Municipality's total population, the overall population pyramid for the region will mostly reflect that of the African population group. The chart below compares Chris Hani's population structure of 2017 to that of South Africa.

CHART 2. POPULATION PYRAMID - CHRIS HANI DISTRICT MUNICIPALITY, 2007 VS. 2017 [PERCENTAGE]

When comparing the 2007 population pyramid with the 2017 pyramid for the Chris Hani District Municipality, some interesting differences are visible:

- 6 In 2007, there were a significant smaller share of young working age people - aged 20 to 34 (21.7%) - compared to 2017 (24.9%).
- 7 Fertility in 2007 was slightly lower compared to that of 2017.
- 8 The share of children between the ages of 0 to 14 years is significantly larger in 2007 (34.8%) compared to 2017 (33.2%).

9 Life expectancy is increasing.

In 2017, the female population for the 20 to 34 years age group amounted to 11.1% of the total female population while the male population group for the same age amounted to 10.6% of the total male population. In 2007 the male working age population at 13.0% still exceeds that of the female population working age population at 11.9%.

i. NUMBER OF HOUSEHOLDS BY POPULATION GROUP

If the number of households is growing at a faster rate than that of the population it means that the average household size is decreasing, and vice versa. In 2017, the Chris Hani District Municipality comprised of 230 000 households. This equates to an average annual growth rate of 1.46% in the number of households from 2007 to 2017. With an

average annual growth rate of 0.58% in the total population, the average household size in the Chris Hani District Municipality is by implication decreasing. This is confirmed by the data where the average household size in 2007 decreased from approximately 4 individuals per household to 3.7 persons per household in 2017.

Relative to the province, the Chris Hani District Municipality had a lower average annual growth rate of 1.46% from 2007 to 2017. In contrast, the South Africa had a total of 16.1 million households, with a growth rate of 2.02%, thus growing at a higher rate than the Chris Hani.

African population group with the largest number of households by population group. The Coloured population group had a total composition of 3.7% (ranking second). The White population group had a total composition of 2.5% of the total households. The smallest population group by households is the Asian population group with only 0.4% in 2017.

The composition of the households by population group consists of 93.4% which is ascribed to the

The growth in the number of African headed households was on average 1.52% per annum between 2007 and 2017, which translates in the number of households increasing by 30 000 in the period. Although the Asian population group is not

the biggest in size, it was however the fastest growing population group between 2007 and 2017 at 12.42%. The average annual growth rate in the number of households for all the other population groups has increased with 1.43%.

TABLE 7. NUMBER OF HOUSEHOLDS BY POPULATION GROUP - LOCAL MUNICIPALITIES OF CHRIS HANI DISTRICT MUNICIPALITY, 2017 [PERCENTAGE]

• NUMBER OF HOUSEHOLDS BY INCOME CATEGORY

Income categories start at R0 - R2,400 per annum and go up to R2,400,000+ per annum. A household is either a group of people who live together and provide themselves jointly with food and/or other essentials for living, or it is a single

person living on his/her own. These income brackets do not take into account inflation creep: over time, movement of households "up" the brackets is natural, even if they are not earning any more in real terms.

HOUSEHOLDS BY INCOME CATEGORY - CHRIS HANI, EASTERN CAPE AND NATIONAL TOTAL, 2017 [NUMBER PERCENTAGE]

It was estimated that in 2017 19.06% of all the households in the Chris Hani District Municipality, were living on R30,000 or less per annum. In comparison with 2007's 49.69%, the number is about half. The 30000-42000 income category has

the highest number of households with a total number of 31 700, followed by the 54000-72000 income category with 29 900 households. Only 28 households fall within the 0-2400 income category.

ii. HEALTH

• HIV+ AND AIDS ESTIMATES

HIV and AIDS can have a substantial impact on the growth of a particular population. However, there are many factors affecting the impact of the HIV virus on population progression: adult HIV prevalence rates; the speed at which the virus progresses; age distribution of the virus; the mother-to-child transmission; child treatment; adult treatment; and the percentage by which the virus

decreases total fertility. ARV treatment can also prolong the lifespan of people that are HIV+. In the absence of any treatment, people diagnosed with HIV live for approximately 10 years before reaching the final stage of the disease (called AIDS). When patients reach this stage, recovery is highly unlikely.

iv. DEVELOPMENT

Indicators of development, like the Human Development Index (HDI), Gini Coefficient (income inequality), poverty and the poverty gap, and education, are used to estimate the level of

development of a given region in South Africa relative to the rest of the country.

Curbing poverty and alleviating the effects thereof should be a premise in the compilation of all policies that aspire towards a better life for all.

CHART 25. NUMBER AND PERCENTAGE OF PEOPLE LIVING IN POVERTY - CHRIS HANI DISTRICT MUNICIPALITY, 2007-2017 [NUMBER PERCENTAGE]

In 2017, there were 588 000 people living in poverty, using the upper poverty line definition, across Chris Hani District Municipality - this is 8.55% lower than the 643 000 in 2007. The

percentage of people living in poverty has decreased from 80.17% in 2007 to 69.27% in 2017, which indicates a decrease of 10.9 percentage points.

In 2017, the population group with the highest percentage of people living in poverty was the White population group with a total of 1.9% people living in poverty, using the upper poverty line definition. The proportion of the White population group, living in poverty, decreased by -1.69 percentage points, as can be seen by the change

from 1.86% in 2007 to 3.56% in 2017. In 2017 71.61% of the African population group lived in poverty, as compared to the 82.62% in 2007. The Coloured and the Asian population group saw a decrease in the percentage of people living in poverty, with a decrease of 16.7 and 0.0905 percentage points respectively.

TABLE 26. PERCENTAGE OF PEOPLE LIVING IN POVERTY - INXUBA YETHEMBA, INTSIKA YETHU, EMALAHLENI, ENGCOBO, SAKHISIZWE AND ENOCH MGIJIMA LOCAL MUNICIPALITIES, 2017 [PERCENTAGE]

In terms of the percentage of people living in poverty for each of the regions within the Chris Hani District Municipality, Engcobo Local Municipality has the highest percentage of people living in poverty, using the upper poverty line

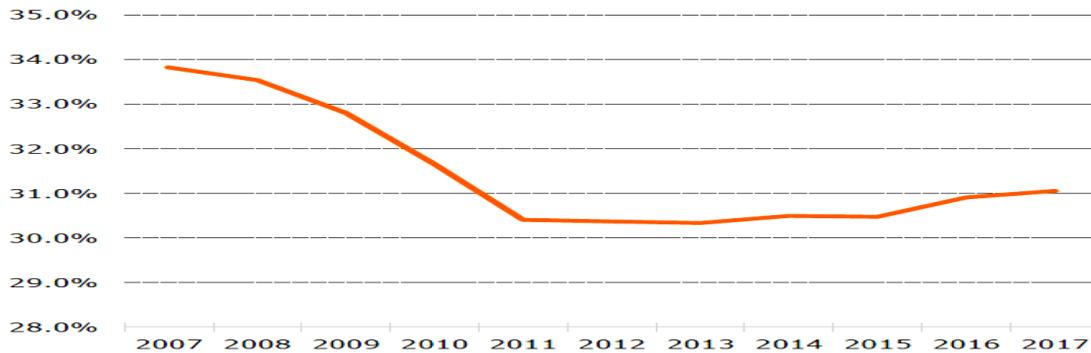

definition, with a total of 76.0%. The lowest percentage of people living in poverty can be observed in the Inxuba Yethemba Local Municipality with a total of 53.7% living in poverty, using the upper poverty line definition.

- POVERTY GAP RATE**

The poverty gap is used as an indicator to measure the depth of poverty. The Poverty Gap deals with a major shortcoming of the poverty rate, which does not give any indication of the depth, of poverty. It is estimated that the poverty gap rate in

Chris Hani District Municipality amounted to 31.1% in 2017 - the rate needed to bring all poor households up to the poverty line and out of poverty.

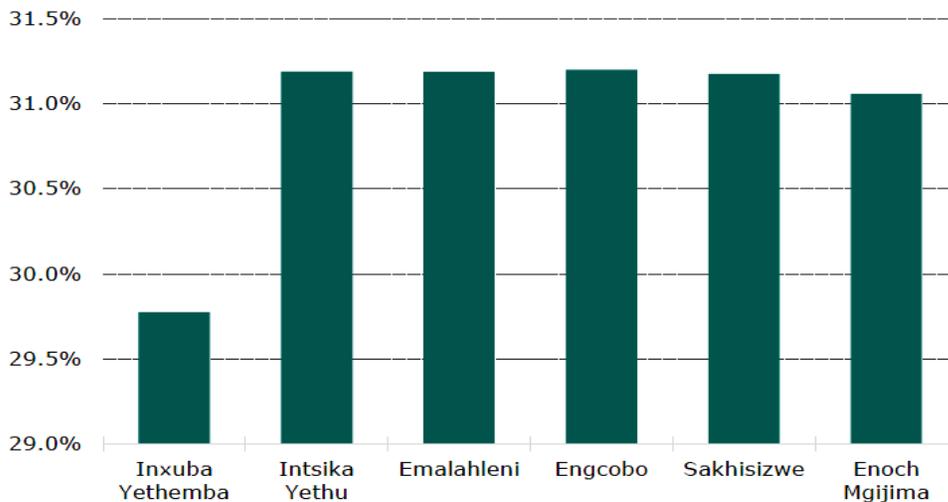

TABLE 27. POVERTY GAP RATE BY POPULATION GROUP - CHRIS HANI DISTRICT MUNICIPALITY, 2007-2017 [PERCENTAGE]

In 2017, the poverty gap rate was 31.1% and in 2007 the poverty gap rate was 33.8%, it can be seen that the poverty gap rate decreased from

2007 to 2017, which means that there were improvements in terms of the depth of the poverty within Chris Hani District Municipality.

TABLE 28. POVERTY GAP RATE – INXUBA YETHEMBA, INTSIKA YETHU, EMALAHLENI, ENGCOBO, SAKHISIZWE AND ENOCH MGJIJIMA MGJIJIMA LOCAL MUNICIPALITIES, 2017 [PERCENTAGE]

In terms of the poverty gap rate for each of the regions within the Chris Hani District Municipality, Engcobo Local Municipality had the highest poverty gap rate, with a rate of 31.2%. The

lowest poverty gap rate can be observed in the Inxuba Yethemba Local Municipality with a total of 29.8%.

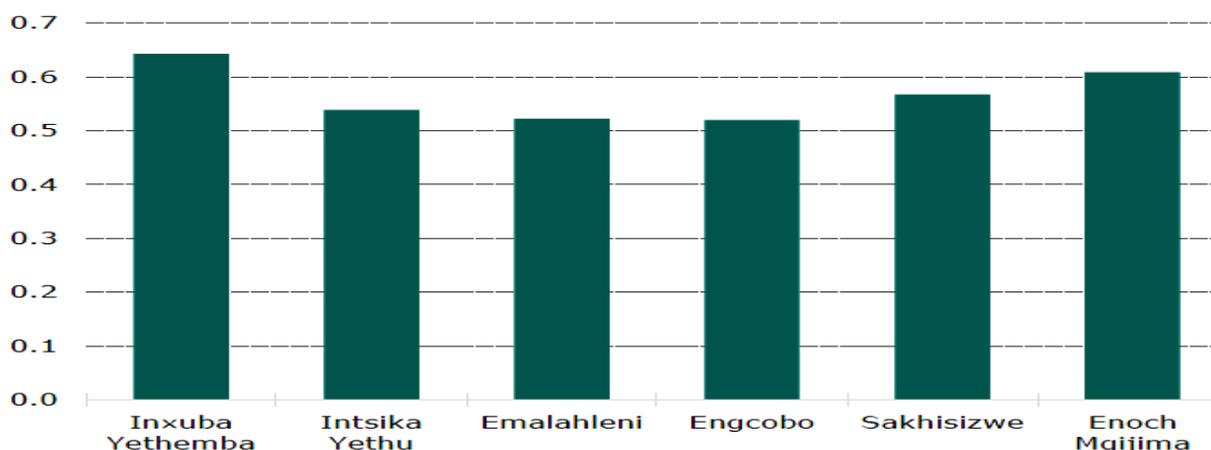

v. HUMAN DEVELOPMENT INDEX (HDI)

The Human Development Index (HDI) is a composite relative index used to compare human development across population groups or regions. HDI is the combination of three basic dimensions of human development: A long and healthy life, knowledge and a decent standard of living. A long and healthy life is typically measured using life expectancy at birth. On a technical note, the HDI

can have a maximum value of 1, indicating a very high level of human development, while the minimum value is 0, indicating no human development.

In 2017 Chris Hani District Municipality had an HDI of 0.57 compared to the Eastern Cape with a HDI of 0.603 and 0.659 of National Total as a whole.

CHART 29. HUMAN DEVELOPMENT INDEX (HDI) - INXUBA YETHEMBA, INTSIKA YETHU, EMALAHLENI, ENGCOBO, SAKHISIZWE AND ENOCH MGIJIMA LOCAL MUNICIPALITIES, 2017 [NUMBER]

In terms of the HDI for each the regions within the Chris Hani District Municipality, Inxuba Yethemba Local Municipality has the highest HDI, with an

index value of 0.642. The lowest can be observed in the Engcobo Local Municipality with an index value of 0.52.

vi. LABOUR

The labour force of a country consists of everyone of working age (above a certain age and below retirement) that are participating as workers, i.e.

people who are actively employed or seeking employment. This is also called the economically active population (EAP).

The working age population in Chris Hani in 2017 was 497 000, increasing at an average annual rate of 0.76% since 2007. For the same period the

working age population for Eastern Cape Province increased at 1.06% annually, while that of South Africa increased at 1.51% annually.

The graph below combines all the facets of the labour force in the Chris Hani District Municipality into one compact view. The chart is divided into "place of residence" on the left, which is measured

from the population side, and "place of work" on the right, which is measured from the business side.

CHART 30. LABOUR GLIMPSE - CHRIS HANI DISTRICT MUNICIPALITY, 2017

Source: IHS Markit Regional Explorer version 1479

Reading the chart from the left-most bar, breaking down the total population of the Chris Hani District Municipality (849 000) into working age and non-working age, the number of people that are of working age is about 497 000.

Those that are of age 0 - 19 (youth) or age 65 and up (pensioners) are part of the non-working age population. Out of the working age group, 44.4% are participating in the labour force, meaning 221 000 residents of the district municipality forms currently part of the economically active population (EAP).

Comparing this with the non-economically active population (NEAP) of the district municipality:

- **ECONOMICALLY ACTIVE POPULATION (EAP)**

The economically active population (EAP) is defined as the number of people (between the age

of 15 and 65) who are able and willing to work, and who are actively looking for work.

On the far right we have the formal non-Agriculture jobs in Chris Hani, broken down by the primary (mining), secondary and tertiary industries. Most of the formal employment lies in the Tertiary industry, with 71 100 jobs. Formal jobs make up 60.4% of all jobs in the Chris Hani District Municipality.

- **ECONOMICALLY ACTIVE POPULATION (EAP) - CHRIS HANI, EASTERN CAPE AND NATIONAL TOTAL, 2007-2017 [NUMBER, PERCENTAGE]**

Chris Hani District Municipality's EAP was 221 000 in 2017, which is 26.01% of its total population of 849 000, and roughly 10.32% of the total EAP of the Eastern Cape Province. From 2007 to 2017,

the average annual increase in the EAP in the Chris Hani District Municipality was 1.87%, which is 0.388 percentage points higher than the growth in the EAP of Eastern Cape's for the same period.

- **EAP AS % OF TOTAL POPULATION - CHRIS HANI AND THE REST OF EASTERN CAPE, 2007, 2012, 2017 [PERCENTAGE]**

In 2007, 22.9% of the total population in Chris Hani District Municipality were classified as economically active which increased to 26.0% in 2017. Compared to the other regions in Eastern Cape Province, Buffalo City Metropolitan Municipality had the highest EAP as a percentage

of the total population within its own region relative to the other regions. On the other hand, Alfred Nzo District Municipality had the lowest EAP with 19.5% people classified as economically active population in 2017.

- **TOTAL EMPLOYMENT**

Employment data is a key element in the estimation of unemployment. Total employment

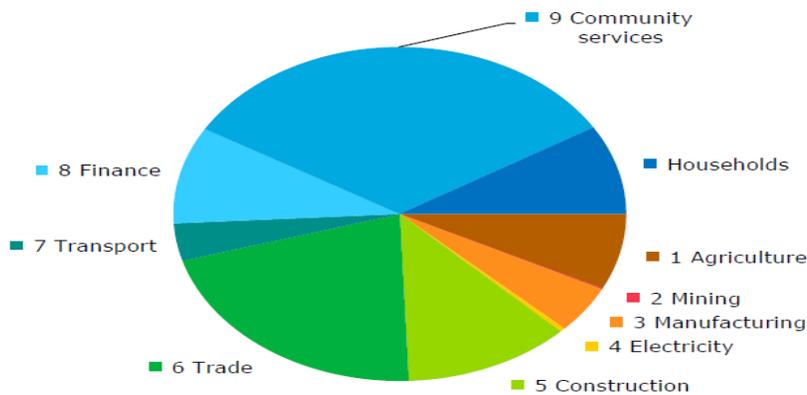

consists of two parts: employment in the formal sector, and employment in the informal sector.

- **TOTAL EMPLOYMENT - CHRIS HANI, EASTERN CAPE AND NATIONAL TOTAL, 2007-2017 [NUMBERS]**

In 2017, Chris Hani employed 141 000 people which is 9.71% of the total employment in Eastern Cape Province (1.46 million), 0.89% of total

employment in South Africa (15.9 million). Employment within Chris Hani increased annually at an average rate of 1.56% from 2007 to 2017.

CHART 34. TOTAL EMPLOYMENT PER BROAD ECONOMIC SECTOR - CHRIS HANI DISTRICT MUNICIPALITY, 2017 [PERCENTAGE]

- **FORMAL AND INFORMAL EMPLOYMENT**

The number of formally employed people in Chris Hani District Municipality counted 108 000 in 2017, which is about 76.42% of total employment, while the number of people employed in the informal

sector counted 33 300 or 23.58% of the total employment. Informal employment in Chris Hani increased from 30 200 in 2007 to an estimated 33 300 in 2017.

- **UNEMPLOYMENT**

The unemployed includes all persons between 15 and 65 who are currently not working, but who are actively looking for work. It therefore excludes

people who are not actively seeking work (referred to as discouraged work seekers).

- **UNEMPLOYMENT (OFFICIAL DEFINITION) - CHRIS HANI, EASTERN CAPE AND NATIONAL TOTAL, 2007-2017 [NUMBER PERCENTAGE]**

In 2017, there were a total number of 71 400 people unemployed in Chris Hani, which is an increase of 12 700 from 58 700 in 2007. The total number of unemployed people within Chris Hani constitutes 10.73% of the total number of unemployed people in Eastern Cape Province.

The Chris Hani District Municipality experienced an average annual increase of 1.98% in the number of unemployed people, which is better than that of the Eastern Cape Province which had an average annual increase in unemployment of 2.84%.

4 INTERNAL ENVIRONMENT ANALYSIS

4.1 ORGANISATIONAL ENVIRONMENT

The Department provides social protection services and leads government efforts to forge partnerships through which vulnerable individuals, groups and communities become capable and self-reliant participants. This mandate requires the service delivery model, organisational structure and the fiscal resources to also effectively address the triple challenges of poverty, unemployment and inequality, as articulated in the NDP. The challenge is that the fiscal resources required to bring further interventions keep on shrinking. This has a negative impact on the Department's capacity to implement policies, reduce poverty and create employment opportunities in the country at a desired rate. Public Service Regulations stipulate the creation of an organisational structure and posts necessary to perform the relevant functions of the Department while remaining within the current budget.

Historical and structural challenges also pose a great challenge in the functionality and hamper the implementation of services for improved service delivery. Fragmentation and lack of synergy and integration among all spheres of governance within the Department also posed a huge challenge which resulted in silo and parallel planning and implementation of programmes. It is evident that there is an urgent need to redesign/ streamline/ reconfigure, standardized and resource the Local Service Offices

- .

4.2 HUMAN RESOURCES

- **EMPLOYMENT AND VACANCIES/ HUMAN RESOURCES**

In expanding its capacity to deliver, the District has prioritised the employment of Social Service

for optimal performance and targeted service delivery. There is therefore a need for the Department to engage and discuss proposals on how Service Offices can be strengthened for optimal performance and service delivery.

As guided by the five-year 2020/21 – 2024/15 Strategic Plan, the Department has reviewed its organisational structure and service delivery model to address some of the afore-mentioned organisational challenges. The Department is in the process of finalising its Service Delivery Model, through in which it seeks to promote, consolidate, align and link new or existing departmental strategies towards a singular guiding directive within the district sphere. This will be achieved with focus on the following sub-objectives:

- Align provincial and national development outcomes with district operations'
- Create an enabling, transparent and conducive environment for developmental social welfare services service provisioning
- Streamline decentralisation processes to improve service delivery to ensure that services are spread across and funneled effectively into rural regions.
- Linking performance management and strategy to Service Delivery Model

Practitioners with the majority of these as Social Workers and Supervisors.

1.5 IMPLEMENTATION OF SERVICES WITH NON-PROFIT ORGANISATIONS

The Department offers its programmes and services not a single entity but collaboratively with the NPO sector established under the Non-Profit Organisations Act 71 of 1997. The primary purpose of the NPO Act is to create an enabling environment in which NPOs can flourish and to establish an administrative and regulatory framework within which organisations can conduct their affairs. Specifically, the Act aimed at encouraging NPOs to maintain adequate standards of governance, transparency and accountability.

In an endeavour to meet the imperatives of Sections 2 (b) and 5 (b) which obligates the Department to design programmes in supporting organisations to maintain adequate standards of governance, transparency and accountability, the strategic plan for

the 2024/25 financial year will be on increasing interventions aimed at monitoring the services rendered by NPOs through setting targeted outputs, monitoring outcomes and evaluating service orientation including service delivery quality.

Despite the compliance challenges within the NPO sector, the department will develop strategies to ensure that NPOs comply with the regulations of the Act in collaboration with the Sector stakeholders (NPO Forum).

To enhance monitoring and evaluation, the department is in a process of finalizing the NPO monitoring and evaluation policy which will also require repurposing resources.

THEORY OF CHANGE

The Department will continue to implement and monitor the Theory Of Change that has been developed in addressing Social Dysfunctionality Targeting Poor And Vulnerable Individuals, Families and Communities.

The White Paper for Families (2013) outlines how the Department of Social Development will give assistance in terms of promoting and strengthening family life. It views the family as a key development imperative and seeks to mainstream family issues into government-wide, policy-making initiatives in order to foster positive family well-being and overall socio-economic development in the country. Its primary objectives are to:

- Enhance the socializing, caring, nurturing and supporting capabilities of families so that their members are able to contribute effectively to the overall development of the country,
- Empower families and their members by enabling them to identify, negotiate around and maximize economic, labor market and other opportunities available in the country, and
- Improve the capacities of families and their members to establish social interactions which make a meaningful contribution towards a sense of community, social cohesion and national solidarity.

In addition to the objectives, the White Paper is also informed by the Human rights principles which are seen as contributors for functional families. Through this, socialization is built, and children are nurtured in terms of becoming responsible citizens thereby being tolerant with others' views. Family diversity is another principle which in a nutshell guides the government to take into consideration the diversity of South African families when developing initiatives for addressing their plight.

Another principle is the family resilience; it is important for the government to understand these attributes when providing interventions at family level. Community participation is another principle to be considered because families exist within communities and active participation ensures that families are supported and safeguarded. The promotion and strengthening of marriages is also vital for stability of families and ultimately for society's wellbeing. Through this White Paper it is the government's responsibility to make sure that families wellbeing is promoted and strengthened. Again family stability is dependent on responsible parenting which must also be promoted and strengthened.

Though the implementation and monitoring of the objectives of the White Paper and other legislative frameworks, DSD will be able to minimise challenges faced by families in South Africa. The Family Programme will also be responding to other social ills that mainly cut across in terms of having a stable family life as well as a normal society. Through the Families Programme family values and productivity will be nurtured and in the long run be restored.

The White Paper on Social Welfare (1997) also places the family at the centre of development as it states that not only do families give their members a sense of belonging, they are also responsible for imparting values and life skills. Families create security; they set limits on behaviour; and together with the spiritual foundation they provide, instil notions of discipline. All these factors are essential for the healthy development of the family and of any society. Children grow up in a wide range of family forms and structures, with different needs, role divisions, functions and values

- **ADDRESSING SOCIAL DYSFUNCTIONALITY TARGETING POOR AND VULNERABLE INDIVIDUALS, FAMILIES AND COMMUNITIES**

Problem statement: Some families are being made vulnerable and are at risk of being dysfunctional due to lack of family resilience and complex family systems.

ASSUMPTIONS	RISKS
<ul style="list-style-type: none"> • Families must be willing and open to change behavior • Families have the willingness to move out of poverty. • Common family values and principles will contribute to behavior change • Poverty alleviation initiatives and services are accessible to vulnerable families • Good family relations will contribute to behavior change • Families should be willing to implement and use knowledge gained through empowerment programmes 	<ul style="list-style-type: none"> • Lack of funding to implement Family Programmes • Families are not willing to change their behavior • Families do not implement knowledge gained through Family Programmes • Poverty in south Africa is increasing

Family well-being is defined as the state of having generally positive experiences with education and employment, good relationships with family and friends, adequate financial resources to meet basic needs and wants, physical health and comfort, resiliency, freedom from chronic stressors such as discrimination and oppression, and a consistent sense of belonging to a community.

Therefore, family wellbeing is achieved when the physical, material, social and emotional needs of the family are being met. Outcomes on how to achieve the afore mentioned are outlined in Part C, i.e. happy, healthy, well- functioning, resilient and preserved families that are successful in achieving their own life goals and enjoy a quality of life.

ADMINISTRATION

PROGRAMME 1: ADMINISTRATION

PROGRAMME PURPOSE

The purpose of the programme is to provide policy guidance and administrative support on strategic imperatives mandated by the constitution of the country. It consists of three sub – programmes,

namely Office of the District Director and Corporate Services.

Programme	Sub-programmes	Sub-programme purpose
1. ADMINISTRATION	1.1 Office of the District Director	The office of the District Director provides political and legislative interface between government, civil society and all other relevant stakeholders.
	1.2 NPO Management	The NPO Management Unit facilitates and coordinates various role players in the processes of funding of NPOs. It also assists NPOs with registration of NPOs as legal entities in terms of the NPO Act No.71 of 1997. Once registered, NPOs are obliged to comply with the provisions of the same Act. To that effect, the Unit conducts compliance support interventions intended to assist NPOs to submit the necessary compliance reports to maintain the validity of their registration status. Furthermore, the Unit monitors if NPOs operate in line with what they are funded for. The NPO Unit coordinates and supports the NPO Forums both Provincial and District.
	1.3 Financial Management	Responsible for managing the District's finances including financial planning, expenditure management, management of financial risks, financial reporting, asset management, record-keeping, fleet management, facilities and infrastructure management as well as supply chain management.
	1.4 Corporate Management Services	<p>Corporate Management Services provides for the strategic direction and the overall management and administration of the Department. The office of the District Director is located under this section as well as the following functions: Communication and Customer Care and Security Management.</p> <p>Other support functions that fall under Programme One are Information & Communication Technology, Financial Management, Facilities and Infrastructure Management, Human Resource Management, Human Resource Development and Operations.</p>

1.1 OFFICE OF THE DISTRICT DIRECTOR

The District Director is responsible for providing strategic leadership and guidance to the District. The District is also responsible for ensuring District integration to improve the provision of services to the communities of the OR Tambo District including planning, policy implementation and monitoring. The District Director will participate in various National, Provincial, Departmental and District activities, these will include IDP & Budget review meetings, Executive

Mayoral & Mayoral Outreach Programmes, EXCO Outreach Programme, District Lekgotla, District ECD Forum and Ward and Community Based Planning. Within the District the District Director will hold ongoing engagements with External Stakeholders, ensure implementation of partnership agreements and staff at large providing strategic direction for improved accountability and integration within the District.

SUB PROGRAMME 2.2 SERVICES TO OLDER PERSONS

The District Renders Care and Support Services to Older Persons through residential facilities as well as Community Based Care and Support Services. Residential facilities offer 24-hour care, protection and support services in a safe and secure environment whereas Community Based Care and Support Services happens in the service centres which are within communities, these promote recreation, social cohesion and Active Ageing (Golden Games). The

emphasis is on improvement of social wellbeing and the protection of Older Persons against any form of abuse through establishment of support structures. As a way of reaching out and extend services to Older Persons the Department will expand Community Based Care and Support services rather than institutionalization. This is also as part of the transformation agenda as outlined in the social sector priorities.

SUB PROGRAMME 2.3 SERVICES TO PERSONS WITH DISABILITIES

The Programme provides services that facilitate the promotion of the social well-being and the socio-economic empowerment of Persons with disabilities through provision of intervention programmes and services as well as capacity building and support.

Implementation of Community Based Rehabilitation services and advocacy within a rights-based approach around developmental programmes as well as access to services will contribute positively to their participation within the community.

SUB PROGRAMME 2.4 HIV AND AIDS

The National Development Plan notes that in 2007, South Africa represented 0.7 percent of the World's population but accounted for 17 percent (about 5.5 Million people) of the global number of HIV infections. In the Eastern Cape specific focus is more on areas where there is high HIV prevalence as HIV has enormous strain on the capacity of families to cope with Psycho – Social and economic consequences of the illness as well as to curb new HIV infections.

Young people aged (15 -24 years) are identified as key population mostly affected by HIV and AIDS hence strengthening of Prevention Programme through social and behavior change and Psycho-social support

services. In response to this, DSD derives its mandate from the National Strategic Plan (NSP) for HIV&AIDS, TB and STI's 2017-2022 which acknowledges that HIV&AIDS is not only a health issue, but a developmental issue, hence the combination approach. In the next financial year focus will also be on Key populations that have not been key in the Programme i.e. Sex Workers, Older Persons, Persons with disabilities, Lesbian, Gay, Bi-sexual, Trans-gender, Inter-sexual, Queer, Asexual plus (LGBTIQA+'s) and Families experiencing Gender Based Violence which will have an effect on the Programme target population.

SUB PROGRAMME 2.5 SOCIAL RELIEF

The Department is mandated by the Social Assistance Act to develop a safety net for individuals, families and communities in difficult circumstances and to respond to situations of disaster declared and undeclared. This the Department does in collaboration with South African Social Security Agency (SASSA) as the Department Agency. The services are aimed at the eligible poor and vulnerable and can be offered in the form of counseling and material aid (uniform, clothing, food parcels etc.). The unit cost of intervention per beneficiary is based on the pronouncement of the increase or decrease of the Old Age Social Grant as

pronounced by the Minister of Finance annually which impacts on reaching out to more beneficiaries sometimes due to budget limitations.

The Department will further contribute to the Integrated School Health Programme in ensuring that indigent learners from Quintile 1,2 &3 schools receive material support in partnership with Department of Education and Department of Health. The Department will further ensure that these services are more biased towards Anti-Poverty sites.

SUB PROGRAMME 3.3 CHILD CARE AND PROTECTION

The primary focus of this programme is care and protection of children against Violence, Child Abuse, Neglect and Exploitation (VCANE). This is undertaken through provision of Community Based Prevention and Early Intervention Services to support Vulnerable Children in communities. It also ensures provision of Therapeutic, Psychological, Rehabilitative services as well as Alternative Care Services for children found to be in need of care and protection through Temporary Safe Care, Foster Care, Child and Youth Care Centres including Adoption Services for those requiring permanency.

Child Care and Protection is a highly legislated terrain, rooted on both the Constitution of the Republic of South Africa, Act No. 108 of 1996 and the Children's Act 38 of 2005 as amended. The Programme needs to ensure compliance to legislation/professional

standards/service standards to avoid litigation. This requires design and implementation of integrated programmes and services (interventions, evidence-based management and information support, human resource development and capacity building) that provide for the development, care and protection of the rights of children. Full and effective implementation of the Children's Act 38 of 2005 as amended remains our biggest challenge.

The sector paradigm shift for provision of Child Protection Services emphasizes a shift from statutory services to Prevention and Early Intervention Programmes to ensure that abuse is prevented before it occurs, identified early enough, avoid children from getting deeper into the system and that all children are prepared for every stage of life in line with the life cycle approach.

SUB PROGRAMME 3.4 PARTIAL CARE SERVICES

The primary focus of the sub-programme is to provide reception, protection, development and partial care to children on behalf of their parents or caregivers for a temporary period during the day and could include overnight. Develop Provincial Partial Care Strategy and profile for Partial Care as enshrined in the Children's Act No 38 of 2005. Registration and Monitoring of partial care facilities (private school hostels, temporary respite care referred to as special day care centres and after-school care) to ensure compliance with norms and standards.

The programme also focuses more on prioritizing and

providing care for children with disabilities, which are those children with cognitive impairments, hearing impairments, deafness, speech or language impairments, blindness, deaf-blindness, serious emotional disturbance, orthopedic impairments, severe or multiple disabilities, autism, traumatic brain injury, developmental delay, or specific learning disabilities and who by reason of qualifying disability require special education and care. The rationale for target setting is to ensure that Partial Care Facilities meet the expected levels of performance and remain meet the compliance standards to ensure that children are protected.

SUB PROGRAMME 3.5 CHILD AND YOUTH CARE CENTRES (CYCC)

The sub-programme provides residential care services and support to vulnerable children through governance (registration, funding, monitoring and evaluation of Child and Youth Care Centres) and capacity building of all relevant stakeholders in the children's Act. Slow progress in reunification services for children in residential care Centres due to limited resources for case managers (external Social workers from Department of Social Development (DSD) and Child Protection Organizations).

The target and counting in this indicator also include children placed in state owned CYCCs, underperformance is viewed as positive deviation in line with the sector Paradigm shift that enforces CYCCs as the less preferred alternative care option, promoting family-based approach as opposed to institutionalization of children.

SUB PROGRAMME 3.6 COMMUNITY BASED CARE SERVICES FOR CHILDREN

Provide protection, care and support to vulnerable children in communities including services to children with disabilities (child headed household) children living and working on the street. This is undertaken through provision of Community Based Prevention and Early Intervention Services to support Vulnerable

Children in communities former “Isibindi” model and Drop-In Centres as an implementation mechanism. Target has not increased as there is no additional budget as this service is delivered through funded organizations implementing former Isibindi model and Drop-In Centres as provided for in the Children’s Act 38 of 2005 as amended.

PART D: TECHNICAL INDICATOR DESCRIPTIONS (TIDS)

PART D: TECHNICAL INDICATOR DESCRIPTIONS (TIDS)

The Revised Framework for Strategic Plans and Annual Performance Plans (DPME, 2020) stipulates that the Technical Indicator Descriptions (TIDs) must be given for each output indicator. The Department has developed the TIDs in line with the Framework and has ensured that each Indicator has been defined for ease of understanding. The Source of data (indicating where the information is collected from) has been provided and data is divided into Primary and Secondary and the primary source will be kept at the point of data collection (i.e. Institutions, Organisations, Local Service Offices) for record keeping and to

maintain confidentiality. The majority of the APP indicators are calculated quantitatively and are expressed in numbers. It should be noted that for the majority of the Performance Indicators, it might not be possible to accurately disaggregate beneficiaries at intake entry level for the services because services are voluntary and accessible to everyone who needs, without classification on gender, age, race and other classifications.
